A GARDEN *For Every* HOME

BARGAIN No. 1

1 Red Leaf Peach,
4-5 ft.

1 Chinese Date,
18-24 in.

\$3.00

Net, not prepaid

HARDY CHINESE DATE

(Jujube). The fruit is one to two inches long, and chocolate colored. Delicious when eaten fresh or cured like dates. Tree is a heavy and constant bearer, and fruits at an early age. It is quite hardy, and very productive. Surely a valuable addition to the orchard and garden. See page 47 for further description. Price: 18-24 in. trees, \$1.85 each; 2 for \$3.50. 2-3 ft. trees, \$2.35 each.

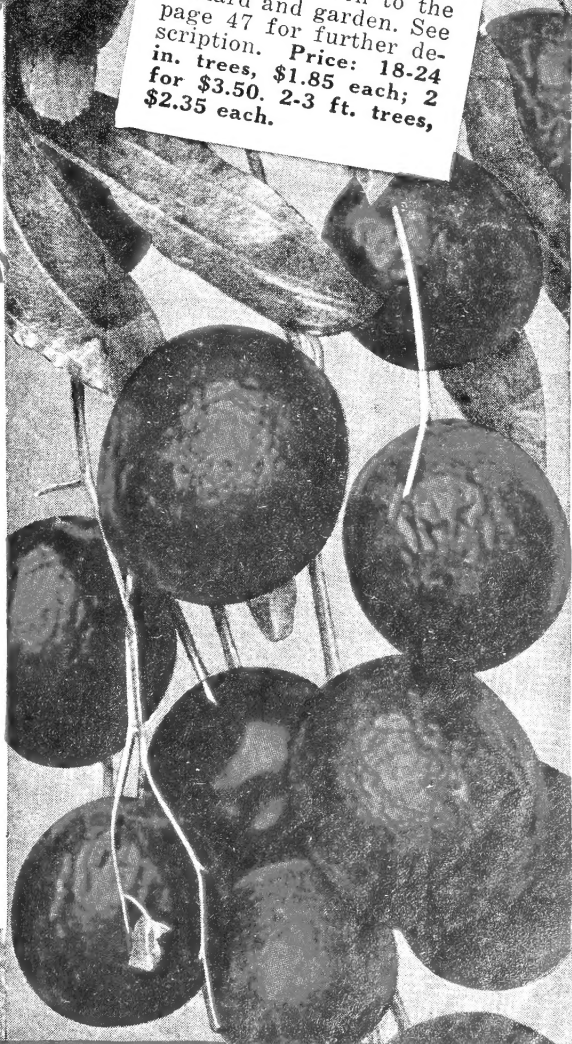

New
**RED LEAF
PEACH**

THE SENSATIONAL NEW ORNAMENTAL

Something entirely new in an ornamental! Many ornamental trees have been offered with colored foliage, but never an ornamental peach tree with **RED FOLIAGE**—bright red early in the spring, gradually dulling to a deep maroon towards fall. Its deep-rose-blossoms against the red foliage creates a most pleasing contrast with your other plantings—the tree you have been looking for to put in a special place to be admired and envied by your neighbors.

Would advise you to order early, as our supply is limited. We offer these trees at the following low price: 4½-5½ ft. trees, \$1.85 each; 2 for \$3.50.

ESTABLISHED
1891

The **ACKERMAN** Nurseries BRIDGMAN MICHIGAN
A COMPLETE LINE OF NURSERY STOCK DIRECT TO GROWERS

Big Gift Planting!

New Early Improved CUMBERLAND

ripens 10 days to 2 weeks earlier than Cumberland.

Berries are large, jet black in color, very firm and have a delicious sweet flavor. Strong thrifty grower, and very resistant to disease. The berries retain their large size throughout the picking season—the last picking as good as the first.

The fine characteristic of this new berry plus all the good qualities of the Cumberland, combined with its early ripening season, make this the best early berry. **Plant both the old and New Improved Cumberland and lengthen the picking season 2 weeks.**

We are using this new blackcap as a premium so our customers can see what a wonderful berry this is. **NOTE OFFER BELOW.**

PRICE: 5 for \$1.25; 10 for \$2.00; 25 for \$4.50; 50 for \$8.00; 100 for \$14.00.

This New Variety Was Offered For The First Time Last Season. Ripens 2 weeks earlier than the "Old Favorite Cumberland." Everybody has been looking for a blackcap that is better than the Cumberland. We have now found one that has all the good points of the Cumberland plus being a more thrifty grower, and also

BIG GIFT PLANTING—Free With Early Cash Orders

To every customer who sends us an order before April 1st, 1945 accompanied by cash in full at regular catalog rate (this doesn't apply on bargains or special quotations), and who in addition sends us the names and addresses of three fruit growers, or purchasers of nursery stock, we will send absolutely free the following number of New Improved Cumberland raspberry plants.

5 Improved Cumberland (priced at \$1.25) free with cash orders between \$3.00 and \$5.00.

10 Improved Cumberland (priced at \$2.00) free with cash orders for \$5.00 or more.

We can handle and ship a \$5.00 or \$10.00 order with very little extra expense over a smaller order and we pass the saving on to you in this premium value. Let your neighbor help. Two persons may combine orders and divide the premium if shipped to one person.

Be sure to send the three names and addresses with your order. (Use space provided on back of order sheet). The gift positively will not be sent unless customer complies with this condition. This offer open until April 1st, 1945 only. Our supply of the New Improved Cumberland is too limited to make this offer effective after April 1st. On all cash orders received after April 1st, when accompanied by three names referred to, we will include the New Improved Cumberland if still available; but if not, we will include additional nursery stock of our own selection as to variety and value.

No special bargain collections are included in this free plant offer. Nor cash orders where a special reduced price has been quoted.

No Cash Payment Before Shipment

You examine stock before you pay. This offer applies only on orders amounting to \$3.00 or more, for shipments on or before April 25th, 1945.

We are one of the first nurseries in this section of the country to adopt this unique selling plan, whereby it is possible for customers to order without sending any money. Make out your order at full prices listed in catalog, and instruct us to ship C.O.D., express or parcel post, subject to your examination by express only, as the postal authorities do not permit examination of parcel post shipments.

Look over the shipment and see for yourself whether the stock is in good condition. If shipment is satisfactory, pay your express agent the amount due and the plants are yours—still covered by our guarantee. What could be more fair? We simply must furnish good nursery stock or we couldn't possibly afford to make this offer.

We would advise all small shipments sent by mail, and will send your order by parcel post C.O.D. for purchase price, plus postage, if you prefer. All such shipments are fully covered by our guarantee.

NOTICE: The above offer does not apply on orders amounting to less than \$3.00, on Special Bargain Collections; Special Quoted Prices; nor on any orders specifying shipment later than April 25th, 1945. Cash in full must accompany orders under \$3.00, or those calling for shipment later than April 25th; but on such orders customers will be entitled to our cash discounts from regular catalog rates, as explained at the right.

WE GUARANTEE SAFE ARRIVAL OF ALL SHIPMENTS MADE ON OR BEFORE MAY 25th, 1945.

We reserve the right to cancel all printed prices without notice.

Order Early and Make a Big Saving

10% DISCOUNT ON ALL CASH ORDERS

(Except on Bargain Offers and Special Quotations) Received before February 2, 1945.

To those who wish to send all cash with order, we offer these special cash discounts from our regular printed prices (except on Bargain Offers and special quotations).

Pay Cash and Save Additional Cost on C. O. D. Shipments

Some concerns add 5 per cent to their list price, in addition to the required C.O.D. fees, if order is for C.O.D. shipment. Knowing our stock will be satisfactory, we will ship C.O.D., if you prefer, at our regular printed price, although we want to remind you of the collection and money order fees on C.O.D. shipments. These charges, over which we have no control, or do not receive one cent of the fees, amount to approximately 5 per cent on average orders. You can save this 5 per cent by sending cash with order. You take no chances—all shipments are backed by our guarantee.

Ackerman Nursery Stock Satisfies

We Grow because we give you Big Values

100,000 Satisfied Customers—In Every State in the Union Plant Our Hardy Stock—the Reasons are Simple

So many customers cannot be wrong—they buy from us year after year, for they know our stock can be depended upon. Here are some of the reasons.
We sell only the best hardy Northern grown stock at lowest possible prices.
We promise a fair and square deal to everyone—and make good our promise.
We ship stock subject to examination before payment.

**WHY Can We Sell Such Fine Stock at Such Reasonable Prices?
BECAUSE--**

We sell direct from our catalog only—you have no agents' commission to pay.

We do not spend thousands of dollars on colored pictures in our catalog. We pass that saving on to you.

We purchase no large advertising space—we depend largely upon our friends and customers to advertise our stock.

You will find that this is a book which is made especially for farmers, home owners, fruit growers and gardeners; giving them a chance to buy direct from a nursery at wholesale prices.

We wish to make clear that all stock in these bargains is the same high quality stock offered at regular catalog prices. By placing your order with us, you will be sure of receiving plants, trees, etc., that are first class and up to grade in every respect.

NOTE: New discounts on early orders. Also additional premium. See page 2 for Free Premium.

**100,000
Satisfied
CUSTOMERS
Can not
be Wrong**

We have been growers for over fifty years, and have farms with the best of soil, tractors, trucks, packing houses, and everything necessary to grow and pack nursery stock, making the handling charge much cheaper; all of these savings are passed on to our customers—we work on a very small margin of profit.

We also wish to sincerely thank all of our old customers for their continued patronage. As the bulk of our new business comes from unsolicited patrons recommended by our satisfied customers, this shows confidence in The Ackerman Nurseries, on which we base our hope of future business.

3 Generations of Ackermans Have Been Pleasing Their Customers for 54 Years

With this, our 54th Anniversary, it is my pleasure to extend greetings to each one of you, and to thank our old friends and new customers for their continued good will. Even under these trying times, we again pledge the same old-fashioned farmer-to-farmer square deal policies, which 54 years of steady progress has proven to be the only way to do business.

We, like all other businesses, are having our difficulties in trying to give you the same prompt service; there may be unavoidable delays in shipments reaching you, but assure you we will exert every effort to have stock arrive as near the date specified as possible, and trust the service rendered in the past will cover any temporary inconvenience.

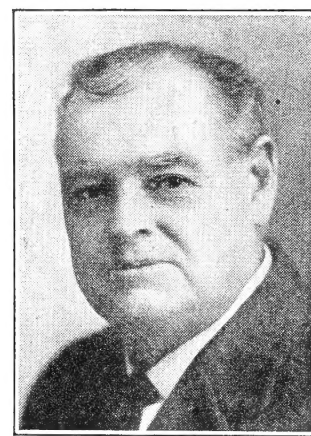

I have personally been in the nursery business since 1907, and this summer suffered the worst drought we have had since 1913—two months without a rain. Under these conditions, a good share of the nursery stock in the United States burned up. Due to these circumstances, stock is going to be very very scarce, and somewhat higher in price. However, in spite of the labor shortage, the drought, and everything else connected with a concern while their country is in war, we have been able to produce a fair size supply of nursery stock. Although we believe we can take care of all of our customers, we would advise your placing your order as soon as you receive this book, and avoid disappointment—we will book your order and reserve the stock until proper planting time. We feel sure that with your cooperation in placing your order early so that it may be booked before our rush season is on, we will be able to accommodate all of our customers in a very satisfactory manner.

Even under these trying times, ACKERMANS again assure you of the same High Quality Stock—the same Square Deal Policies—and most important of all—the same Personal Service in filling your orders.

To our new friends who are receiving our catalog for the first time, we want to assure you that your order will be filled with high quality stock and will make you glad you tried ACKERMANS.

**Orchard and Nursery Inspection
Certificate of Nursery Inspection
No. 271**

This is to certify that the Nursery Stock of The Ackerman Nurseries, Bridgman, has been examined and found to apparently be free from dangerous insects and dangerously contagious tree and plant diseases.

CHAS. FIGY, COMMISSIONER.

This certificate to be void after September 15, 1945. C. A. Boyer, Director, Bureau of Orchard and Nursery Inspection, Lansing, Mich., August 30, 1944.

OUR GUARANTEE

We guarantee all of our nursery stock to be just as represented in our catalog; fully up to grade, of good quality, free from disease, and absolutely true to name; also to reach the customer alive, and in perfect growing condition.

Furthermore, we will, at our option, either replace free of charge, or refund purchase price on any stock that arrives in bad condition, providing claim is made within 10 days after arrival. After 10 days it is mutually agreed that stock is satisfactory. If stock is unsatisfactory on arrival, be sure to get a signed statement from your express agent or postmaster showing extent of damage, and send this along with your claim. Do not return plants unless so instructed by us.

Continued growth depends upon soil, climatic conditions, planting and care—conditions we cannot control—hence is not guaranteed.

It is mutually agreed that in any event we will not be liable for more than the purchase price of the stock. It is understood and agreed between the customer and ourselves that the purchaser's order and our acknowledgment of its receipt, shall constitute a mutual acceptance of the above terms and conditions.

THE ACKERMAN NURSERIES

Giant Cultivated BLUEBERRIES

One of the biggest money-makers as a commercial proposition. An attractive ornamental from early spring until late fall. Heavy producer—four bushes in your yard will provide enough berries for Blueberry pie throughout the season. As an ornamental shrub, the Blueberry cannot be surpassed; are full of pink buds, which open into bell-shaped, white flowers, starting in June. Blueberries must have an acid or semi-acid soil, good drainage and moderate supply of moisture.

Cultural instructions on the planting of Blueberries included with every order.

The 4-, 5-, and 8-year-old bushes will produce this year. Remember, the older the bush, the more berries and profit you will receive.

We cannot guarantee varieties in 4-, 5-, and 8-year old, but they will consist of all good kinds.

PRICES OF BLUEBERRIES—Not Prepaid

We offer 4 varieties in the 1-, 2-, and 3-yr.: Rancocas (early to midseason), Harding (midseason to late), Jersey and Rubel (late).

BARGAIN NO. 2 2 CULTIVATED BLUEBERRIES

Here's your chance to save time and money—buy this bargain if you want berries this summer.

1 4-year-old and 1 5-year-old plant A \$6.50 Value for only
Net, not prepaid

\$4.95

Specimen **JUMBO** Blueberry Plants

8-year-old—no waiting for fruit. Actual photo of 8-yr. Blueberry bush in full bearing above, which is in the peak of production. Remember, more fruit and larger profits the first year from this jumbo bush. Price: 8-yr., 24-40 in., extra heavy branched stock, \$5.75 each; 2 for \$10.00. 12-yr., heavy 3-4 ft. bush, \$7.95 each.

The ACKERMAN NURSERIES

ASPARAGUS ~

New Paradise

Save a Full Year—Plant This Spring—Harvest the Following Year!

Very large stalks of exceptionally fine quality; unusually heavy producer. Here we have a better Asparagus that grows a larger crop a FULL YEAR EARLIER, and continues to bear heavier crops year after year. The tender crisp stalks are so large it takes only 6 to 8 to make a pound. Is a very excellent variety for freezing, which is another point in its favor. The far-sighted grower will take this important point into consideration in choosing the variety he will grow; this variety is just as tender, green and fine flavored after freezing as it is a few hours after picking. For the home gardener it is the best possible variety to plant because the same space occupied will produce so much more, and better Asparagus. Paradise Asparagus, like Mary Washington, is highly resistant to rust. With America calling for increased production of all food stuffs, you cannot go wrong in planting this variety, for it will produce larger returns each year and MORE PROFITS IN LESS TIME, and is especially suitable for both canning and freezing under new process.

After a long drawn-out winter, nothing that comes out of the home garden is so much appreciated as the tender stalks and tips of Asparagus. A small bed of them kept weed-free or a border along the garden edge will supply an average table for six weeks or more.

Price: 1-yr., 25 for 85c; 50 for \$1.50; 100 for \$2.75; 250 for \$6.00; 500 for \$10.00; 1,000 for \$16.00.

2-yr., 25 for \$1.65; 50 for \$2.85; 100 for \$4.75; 250 for \$8.50; 500 for \$14.00; 1,000 for \$23.00.

3-yr., 12 for \$1.50; 25 for \$2.25; 50 for \$3.50; 100 for \$6.00; 250 for \$11.00; 500 for \$18.50; 1,000 for \$33.00.

Mary Washington Asparagus

This variety was developed and introduced by the United States Department of Agriculture. It is rust-proof, early and productive; the heads are solid and compact; stalks often more than an inch in diameter; crisp and delicious. There is no waste with Mary Washington, for every tip is healthy and usable.

Price: 1-yr., 25 for 75c; 50 for \$1.35; 100 for \$2.35; 250 for \$4.25; 500 for \$7.50; 1,000 for \$14.00.

2-yr., 25 for \$1.50; 50 for \$2.75; 100 for \$4.50; 250 for \$8.00; 500 for \$12.50; 1,000 for \$20.00.

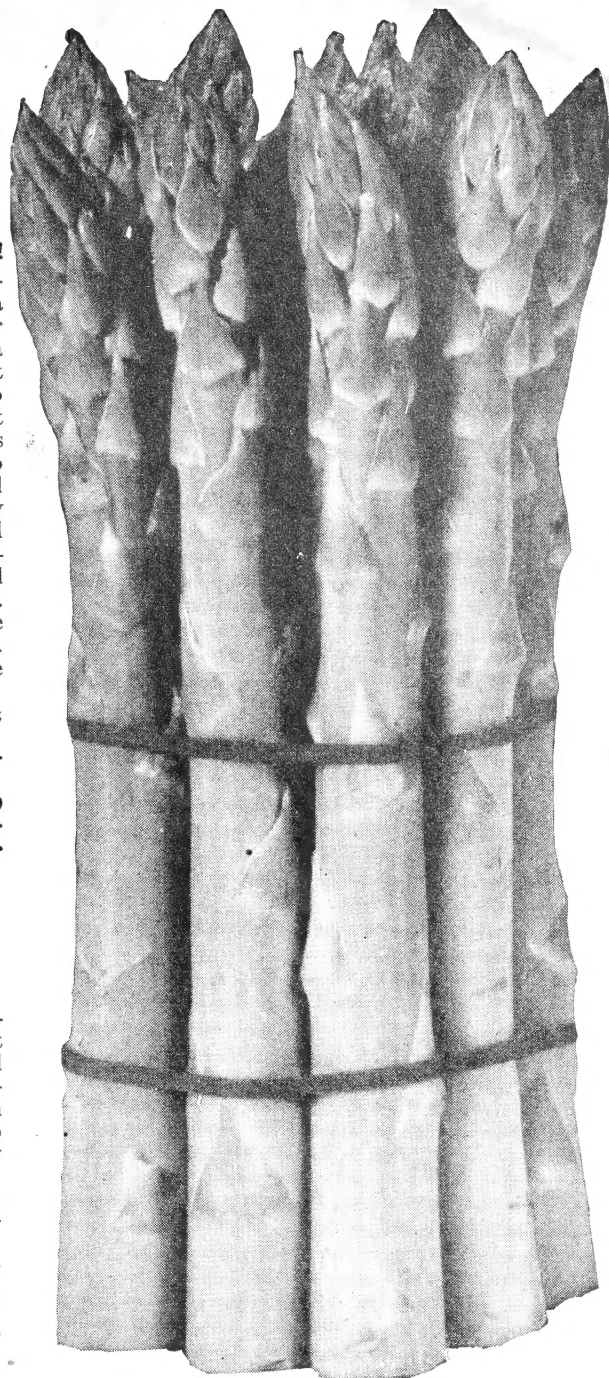

3-yr., 12 for \$1.50; 25 for \$2.25; 50 for \$3.25; 100 for \$5.50; 250 for \$10.00; 500 for \$16.50; 1,000 for \$30.00.

BARGAIN NO. 3

100 New Paradise Asparagus, 2-yr.
3 Rhubarb, 4-yr. clumps.

\$3.95

Net, not prepaid

VICTORIA RHUBARB

This new variety has giant size stalks, twice the size of ordinary Rhubarb; very tender. Fine flavor. A trifle later than Myatt's Linnaeus.

Myatt's Linnaeus Rhubarb

It is an early, tender variety, without being in the least tough or stringy, with a mild, sub-acid flavor. We consider this one of the most profitable market garden crops. We offer good strong roots, at unheard-of low prices.

PRICE, RHUBARB and HORSERADISH

	Each	6	12	25	50	100	200	300	1,000
1-yr., ½ to ¾ in. diam.....		\$0.50	\$0.85	\$1.45	\$2.50	\$4.50	\$ 8.50	\$12.00	\$35.00
1-yr., ¾ to 1 in. and up diam.		.65	1.20	2.15	3.50	6.00	11.00	15.00	45.00
4-yr. clumps	\$0.50	2.50	4.50	7.00					
Horseradish50	.85	1.45	2.50	4.50	8.50	12.00	35.00

HORSERADISH

This popular condiment is very easily produced in the home garden, and anyone who has compared the freshly dug article with that sold over the counters can appreciate the value of the good, home-grown products so easily prepared. Source of supply is easily maintained, as it spreads quite rapidly.

Everbearing Strawberries

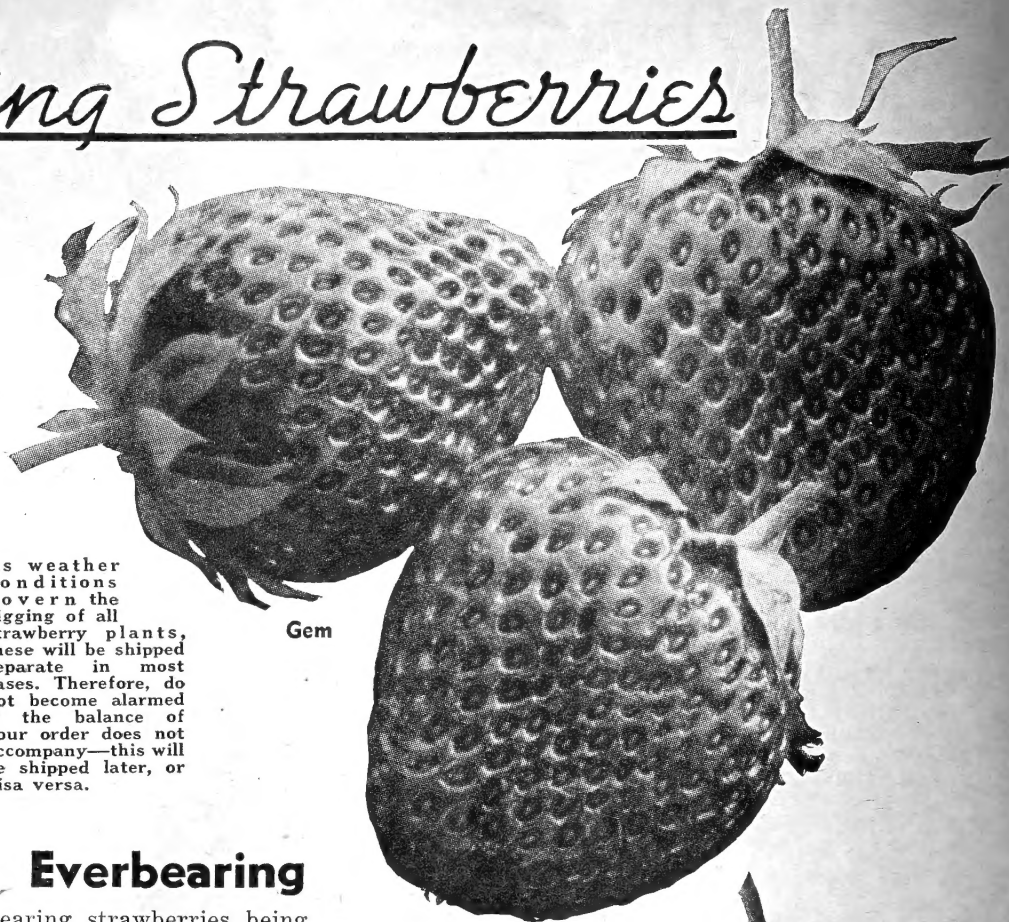

GEM—Big Profits

Two Crops a Year

Plant this spring—pick all summer—you'll get back the price paid for the plants, and **most important, a big profit besides.** You'll harvest another fine crop the following June—two crops in one year. Unlike most everbearers, this variety is an excellent plant maker. The plants are very healthy and vigorous, producing an abundance of runners, which bear fruit the first season. The berries are large, bright red, firm, roundish in shape, rather tart but of good flavor and quality. Good for dessert or culinary uses. Very attractive in appearance and sell well on the fresh fruit markets. Our original stock was secured direct from the originator. **Price: 12 for \$1.25; 25 for \$2.25; 50 for \$3.75; 100 for \$5.00; 250 for \$11.00; 500 for \$21.00.**

As weather conditions govern the digging of all strawberry plants, these will be shipped separate in most cases. Therefore, do not become alarmed if the balance of your order does not accompany—this will be shipped later, or visa versa.

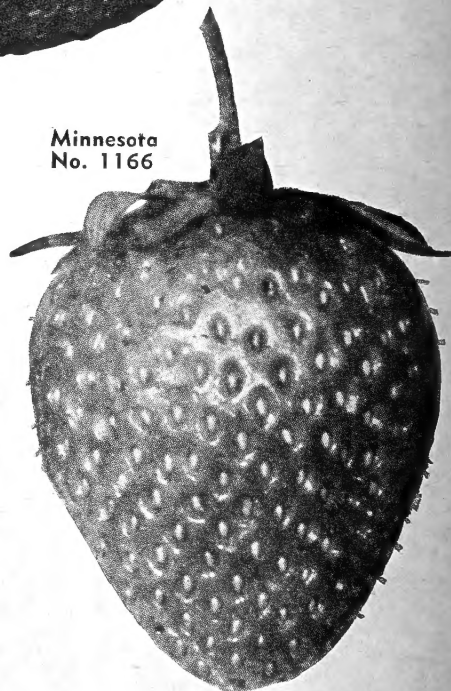

Gem

MINNESOTA No.1166 Everbearing

This is the latest of the New Everbearing strawberries being offered. Those who have tried it, state they prefer this variety to any Everbearer introduced to date. It also bears 60 to 90 days after planting—berries all summer and fall, followed by a fine crop the following June. Plants are hardy, and produces runners freely. Berries are large, long and pointed—in appearance it looks like the Missionary berry that is so well known in the South. Berries are dark in color and perfectly red clear through—no green tips. Fruit is firm and very sweet. As the supply of this variety is very limited, would advise placing your order early so as to avoid disappointment. **Price: 12 for \$1.50; 25 for \$2.50; 50 for \$4.35; 100 for \$7.50; 250 for \$15.00.**

Minnesota No. 1166

MASTODON

Ripe Strawberries 90 days after planting

There is only one true Mastodon—the introducer's original strain—we have it! Plants hardy and productive, producing runners freely for an everbearing variety. Berries large to very large, round, conic in shape, dark scarlet in color; flesh firm, excellent flavor. One of the largest, uniform size from beginning to end of season. Fruit continuously until freezing weather; bear full crop next spring after planting. **Price: 12 for \$1.25; 25 for \$2.25; 50 for \$3.75; 100 for \$6.00; 250 for \$12.00; 500 for \$23.00.**

Bureau Orchard and Nursery Inspection
No. 145

Certificate of STRAWBERRY RED
STELE Inspection

This is to certify that Strawberry plants of Ackerman Nurseries, Bridgman, have been examined and found apparently free from the RED STELE disease as well as other strawberry diseases and insects. Date of first inspection, 6-6-44. Date of second inspection, 8-22-44.

Chas. Figy, Commissioner.

C. A. Boyer, Director Bureau Orchard and Nursery Inspection, Lansing, Mich. 8-30-44.

Premier

Best Early

Still the leading early berry. A standard of excellence with all growers, and the earliest worth-while Strawberry of the older varieties. A great money-maker, for it yields its fruit crop at a time when strawberries are in great demand and sell at fancy prices. Premier is as nearly frost-proof as any strawberry can be. It is unusually healthy, being free from leaf spot and other diseases. Its deep, heavy roots enable it to withstand dry weather and mature a full crop of big berries when many varieties are a complete failure. Large, bright red, firm berries of fine texture and flavor.

Price: 25 for \$1.10; 50 for \$1.85; 100 for \$3.25; 250 for \$6.40; 500 for \$10.00; 1,000 for \$17.50.

Premier

ROBINSON

Best Late

This berry was originated by John Haley, of Southern Michigan. It is a cross between Premier and Washington. The best medium to late—10 days to 2 weeks later than Premier. In our 50 years of growing strawberries, Robinson is the largest berry we have ever seen—30 berries will fill a quart. Color is a cardinal-red; berries have a firm tough skin, and are honey-sweet in flavor. Excellent plant maker on most any kind of soil. Premier and Robinson, two of the best varieties, will give you berries over the entire season.

Price: 25 for \$1.10; 50 for \$1.85; 100 for \$3.25; 250 for \$6.50; 500 for \$10.00; 1,000 for \$17.00.

Robinson

Dorsett

Large, very firm berries of a beautiful light red color; very attractive shape and extra fine quality, of the finest flavor. Very productive. Vigorous and healthy plant maker. Early as Premier. Very frost resistant.

Price: 25 for \$1.35; 50 for \$2.25; 100 for \$3.60; 250 for \$7.25; 500 for \$11.25.

Thrift Garden
BARGAIN NO. 5
50 PREMIER 50 ROBINSON
\$2.65
 Net, not prepaid

NEWPORT

This variety has been grown around Holland, Michigan for the past seven years, and the commercial growers like it much better than many other varieties. Ripens mid-season to late. Berry resembles the Catskill, very large in size, has a wonderful flavor—fine for home use and also one of the best for canning. Plants are very thrifty, and will make a matted row where other varieties fail. The supply of plants is so small this year, we are limiting all orders to 500 plants, giving all of our customers a chance on something good.

Price: 25 for \$1.35; 50 for \$2.25; 100 for \$3.60; 250 for \$7.25; 500 for \$11.25.

BARGAIN NO. 6

50 Late Giant **\$3.00**

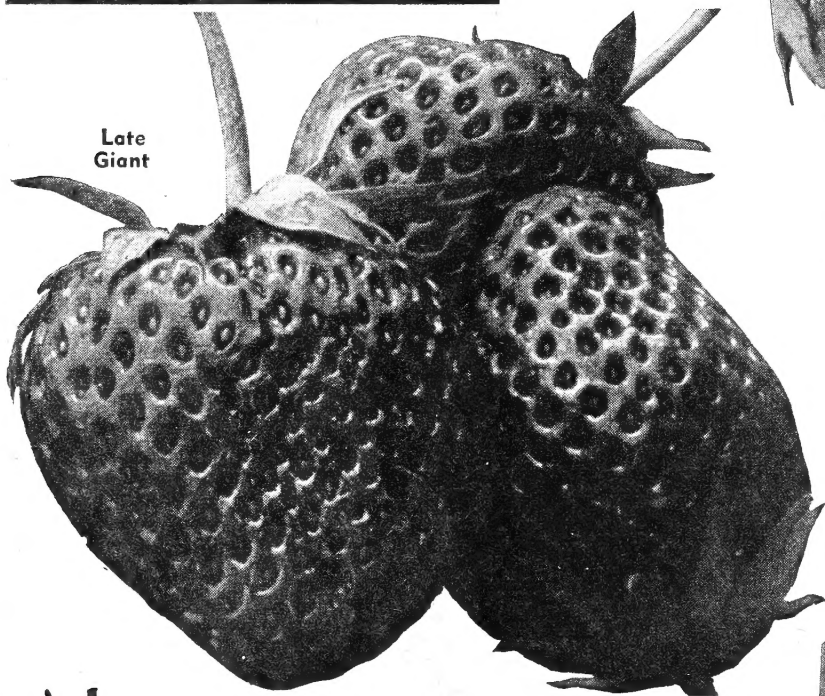

50 Neet

Net, not prepaid

Newport

Late Giant

LATE GIANT

Ripens so late that there will be no waiting between strawberries and raspberries. Berries are dark red all the way through, honey-sweet, with a flavor of a wild strawberry. Berries are giant in size and of good quality. Makes a good fruiting row on any soil.

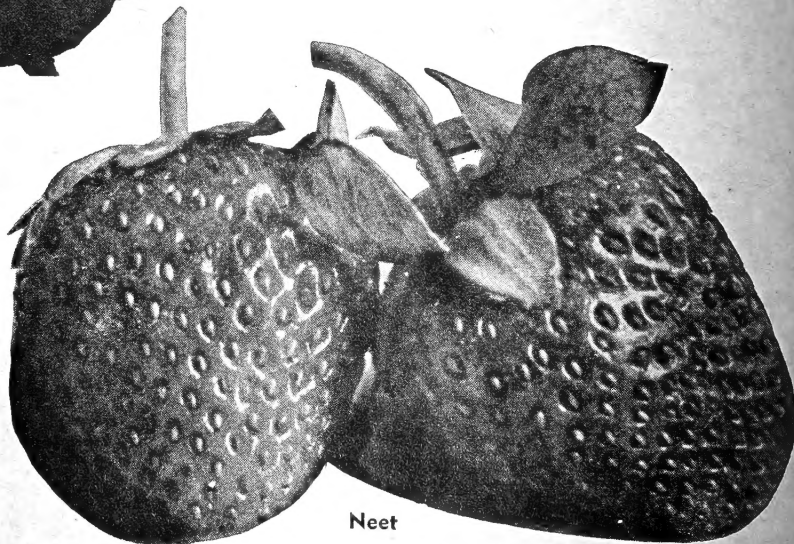

Price: 25 for \$1.35; 50 for \$2.25; 100 for \$3.60; 250 for \$7.25; 500 for \$11.25; 1,000 for \$18.50.

NEET

A comparatively new variety, which resembles the Premier, but is much hardier, larger, better flavored, and invariably produces more fruit. Will produce a fine fruit crop the second and third year after planting—a trait not found in any other variety we have grown. Berries are large, perfectly formed, delicious sweet flavor, good quality, firm texture. Very hardy.

Price: 25 for \$1.35; 50 for \$2.25; 100 for \$3.60; 250 for \$7.25; 500 for \$11.25; 1,000 for \$18.50.

Neet

Senator Dunlap

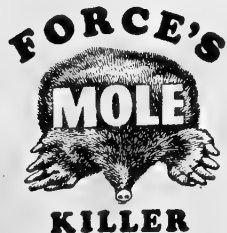

Catskill

It is a cross between Premier and Marshall. Makes a fine, vigorous plant growth; fruit stems are thick and grow upright; leaves are exceptionally large. Late ripening. Good quality berries, which are of good size and bright red in color. Fine flavor and excellent for canning.

Price: 25 for \$1.10; 50 for \$1.85; 100 for \$3.25; 250 for \$6.50; 500 for \$10.00.

Catskill

MOLE KILLER

KILLS MOLES

Money Back Guarantee

No traps—no gas—no harm to domestic animals or birds. Force's Mole Killer Pellets are compounded from the mole's natural food. True mole food scent attracts and will positively destroy large numbers of moles. Kill the breeding stock now before they multiply. Full directions enclosed in each package.

Price: 50c for 75 pellet package; \$1.00 for 185 pellet package; 875 pellet package \$3.25, Net. Postpaid.

Bridgman, Michigan

SENATOR DUNLAP

Still the Old Standby. The hardest and toughest variety grown, producing a fruit crop anywhere, even in the most unfavorable locations. Fruit dark red, exceptionally sweet, and of good quality. One of the best varieties for canning—requires less sugar.

Price: 25 for \$1.10; 50 for \$1.85; 100 for \$3.25; 250 for \$6.40; 500 for \$10.00; 1,000 for \$17.00.

BLAKEMORE

Extra early, ripening same time as Beaver, and 4 to 5 days before Premier. A cross between Premier and Missionary. Berries are bright red, and resemble Premier, although they are somewhat larger and of better color. Very firm. Excellent canner. Price: 25 for 95c; 50 for \$1.65; 100 for \$2.75; 250 for \$5.75; 500 for \$9.00; 1,000 for \$15.00.

New Morrison

NEW MORRISON

Note actual photograph at left. The giant of the Black Raspberry family. Jet black berries; nearly an inch in diameter. The first Blackcap ever introduced that is superior to the old variety, Cumberland. Originated in Northern Ohio by the late Fred Morris. Ripens midseason to late. An outstanding rapid grower. Produces enormous crops. Very thrifty and disease-resistant. Will grow on any soil. A brand new variety of real merit. Our supply of plants is very limited—order early and avoid disappointment. Price: 1-Yr. No. 1 plants, 6 for \$1.15; 12 for \$1.95; 25 for \$2.85; 50 for \$4.75; 100 for \$8.50; 250 for \$20.00; 500 for \$35.00; 1,000 for \$65.00. 2-Yr., transplants, 75c each; 2 for \$1.35; 6 for \$3.45; 12 for \$6.50; 25 for \$12.50.

RED RASPBERRIES MONEY MAKERS

LATHAM First Choice of Commercial Growers

A popular favorite in all large fruit-growing sections. Extra large, rich red berries, some measuring an inch in diameter. Bears a tremendous crop of best quality fruit. Finest berry for canning. Perfectly hardy. Commands highest prices. Plants are state inspected, disease-free, of finest quality, heavy and well rooted. Price: 1-Yr. No. 1 Plants, 6 for \$1.25; 12 for \$2.25; 25 for \$4.00; 50 for \$6.50; 100 for \$12.00; 250 for \$25.00; 500 for \$40.00.

ST. REGIS—Everbearing

St. Regis

Comes on the market so early it brings the very highest price. Produces a full crop during regular Raspberry season, and continues to fruit heavily throughout the summer and fall. Berries have a delicious flavor. Excellent shipper. Price: 1-Yr. No. 1 Plants, 6 for \$1.25; 12 for \$2.25; 25 for \$4.00; 50 for \$6.50; 100 for \$12.00; 250 for \$25.00; 500 for \$40.00. 2-Yr. Transplants, 6 for \$1.75; 12 for \$3.15; 25 for \$5.25; 50 for \$9.50; 100 for \$18.00.

CHIEF. The Best Early! Ripens 10 days ahead of Latham. We can furnish a limited quantity of Chief at same price quoted on Latham.

Latham

BLACK RASPBERRIES

Cumberland

The Very Best Midseason Kind. No Blackcap has ever been grown as extensively as Cumberland, nor attained its great popularity in all Raspberry producing sections of the country. A heavy yielder, berries large, rich black in color; fruit firm and of delicious flavor. Bush absolutely hardy, vigorous growing, producing plenty of fruiting wood. Price: 1-Yr. No. 1 plants, 12 for \$1.00; 25 for \$1.85; 50 for \$3.25; 100 for \$5.50; 250 for \$12.50; 500 for \$22.50; 1,000 for \$39.50. 2-Yr. Transplants, 40c each; 2 for 70c; 6 for \$2.00; 12 for \$3.50; 25 for \$6.00; 50 for \$11.00; 75 for \$15.50; 100 for \$19.50; 200 for \$36.00.

IMPROVED CUMBERLAND

Ripens 10 days to 2 weeks earlier than Cumberland. Berries are large, jet black in color, very firm and have a delicious sweet flavor. Strong, thrifty grower, and very resistant to disease.

Price: 1-Yr. No. 1 plants, 5 for \$1.25; 10 for \$2.00; 25 for \$4.50; 50 for \$8.00; 100 for \$14.00.

New Logan

Cumberland

NEW LOGAN

Most Dependable Early Black Raspberry. The berry ripens one week earlier than Cumberland. It is an extra heavy yielder, with berries as large or larger than Cumberland. Price: 1-Yr. No. 1 plants, 12 for \$1.00; 25 for \$1.85; 50 for \$3.25; 100 for \$5.50; 250 for \$12.50; 500 for \$22.50; 1,000 for \$39.50.

Thornless

BOYSENBERRY

Entirely thornless! Think of picking real large berries without a chance of scratching your hands! These large, sweet, juicy berries are often 2 inches in length, and are a dark maroon in color. Has a rich tangy flavor all its own. They are just as easy to grow as blackberries—plant 6 feet apart in rows 6 feet across; train on wires the same as dewberries. Absolutely hardy—will not winter-kill. Excellent canner, and valuable for table use, jellies and pies—ideal for freezing. **Price: 1-yr., No. 1 plants, 6 for \$1.25; 12 for \$2.10; 25 for \$3.30; 50 for \$5.50; 100 for \$9.50; 200 for \$18.00; 300 for \$26.25; 400 for \$34.00; 1,000 for \$80.00.**

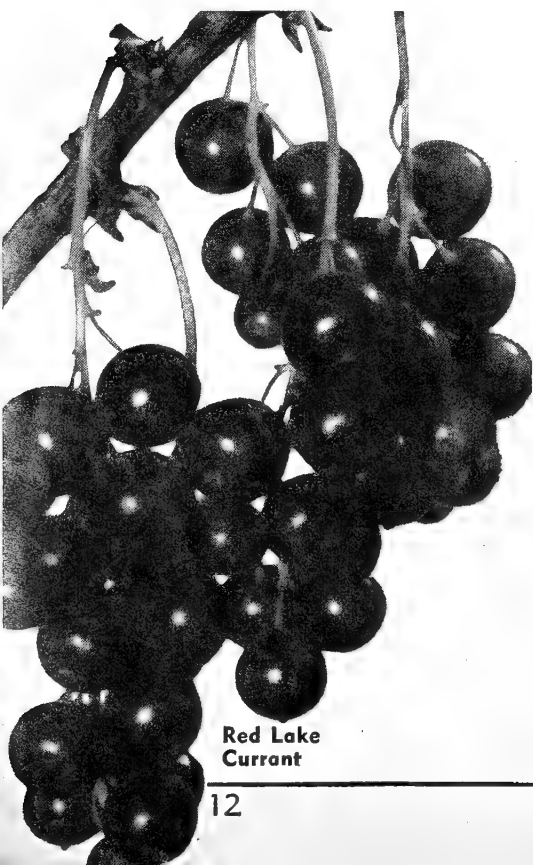

Thornless Boysenberry

RED LAKE CURRANT

Originated recently at the Minnesota State Fruit Breeding Farm—finest of all Red Currants. The berry is unusually large in size and of superior quality; the clusters are long and filled out to the top, with stems sufficiently long to make picking easy. Berries are a clear light red and the quality excellent. The bush is vigorous, upright, and productive. Ripens early midseason, but holds on over a long period so it can be used or marketed as desired.

IMPORTANT: We ship Currant plants only to Michigan, Illinois, Indiana, Kansas, Missouri, Iowa, Nebraska, Oklahoma, North Dakota, South Dakota, Kentucky, Texas, and Colorado.

Price: 1-yr. plants, 30c each; 6 for \$1.55; 12 for \$2.85; 25 for \$5.50; 50 for \$10.75; 100 for \$18.00. 2-yr. plants, 50c each; 6 for \$2.50; 12 for \$4.50.

Red Lake Currant

NECTARBERRY

The Nectarberry is a seedling of the Youngberry. Berries are as large as Boysenberry—larger than Youngberry—and on looks alone might be mistaken for either. Ripens about 3 days later than Boysen, much sweeter, better flavor and much spicier than either Boysen or Youngberry. It has remarkably few and soft seeds and no noticeable core. When eaten either fresh, canned or frozen, the berries retain their fresh fruit flavor. Heavy producer, outyielding both varieties. Has withstood temperatures of 15 to 20 below zero. However, in severe cold sections, substantial mulching is advised; this can easily be done as the vines are always left on the ground until spring. Drought resistant.

Price: 1-yr. plants, 6 for \$1.10; 12 for \$1.90; 25 for \$3.15; 50 for \$5.00; 100 for \$9.00; 250 for \$22.00; 500 for \$42.00; 1,000 for \$80.00.

The Blackberry Without a Core

ELDORADO BLACKBERRY

The Best Commercial Blackberry

Eldorado bears young, providing nearly a full crop of fruit the year after planting. Very hardy, never winter-kills. Vigorous grower; large berries, fine flavor, and excellent quality. Very productive; fruits over a long season and insures a big profit to the grower. Highly recommended for commercial planting. Price: 1-yr. root cuttings, 12 for \$1.25; 25 for \$2.00; 50 for \$3.75; 100 for \$7.00; 250 for \$15.00; 500 for \$25.00; 1,000 for \$45.00. 2-yr. Lucretia DEWBERRY

First to ripen. Ten days earlier than Blackberries. A money-maker. Brings a big price on any market, makes real profit for the grower. Of the Blackberry type, but produced on trailing vine instead of an upright bush. Very hardy and disease-resistant. Berries are extra large, lustrous black, sweet and juicy. **UNEXCELLED FOR CANNING.** Price: 1-yr. plants, 12 for \$0.80; 25 for \$1.25; 50 for \$2.25; 100 for \$3.95; 200 for \$7.70; 300 for \$11.25; 400 for \$13.60; 1,000 for \$32.00.

Lucretia
Dewberry

Fredonia

GRAPE VINES

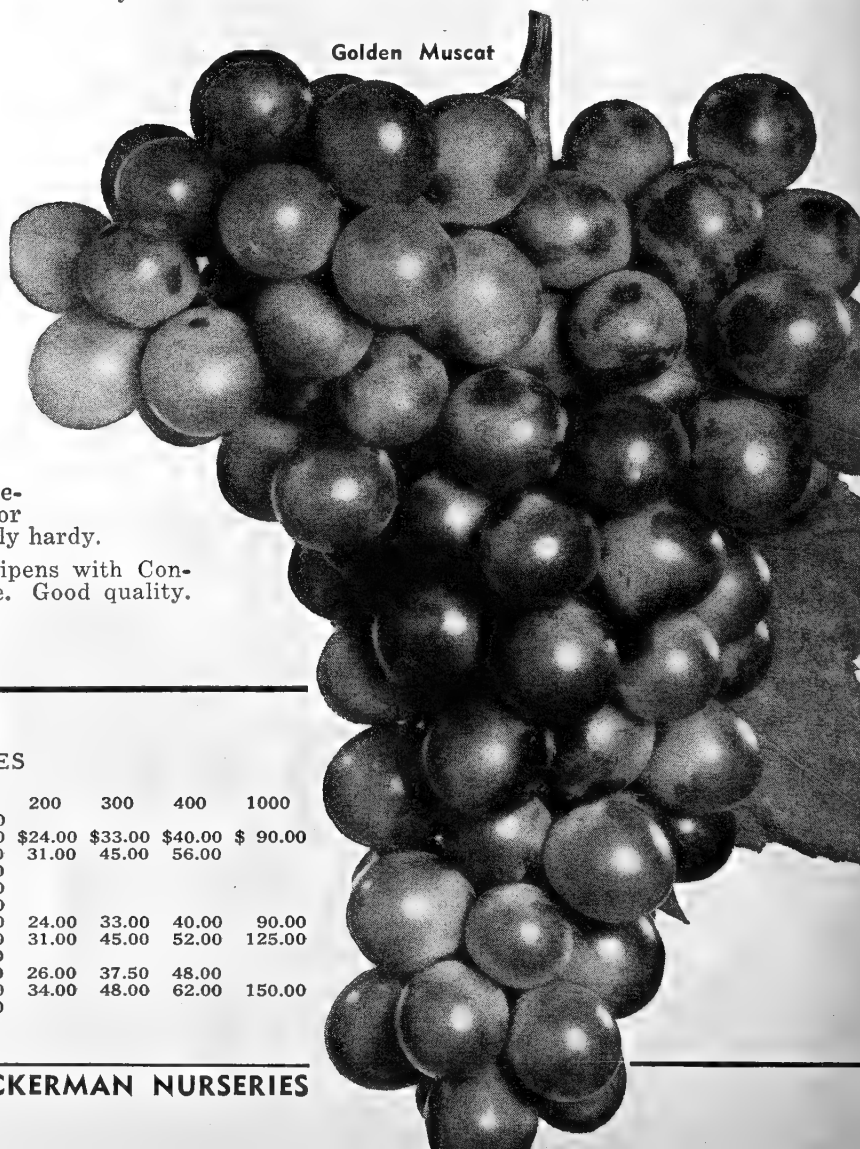

CATAWBA The best red grape of them all. Berries large, dark copper, rich musky flavor; late. Best wine and table grape. Ripens in September. Vines are hardy, and vigorous growers.

CONCORD Most popular large, purplish black Grape. Large shouldered, compact bunch. Flesh is juicy, sweet and tender, excellent flavor. Vine a strong grower, very healthy, hardy and productive. Ripens in October.

DELAWARE Berries are compactly set, light red, sugary and delicious. It is one of the very best red varieties, brings highest prices on any market.

FREDONIA The best black Grape every introduced! The Biggest money-maker of all Times. This fall, on one acre, we picked 2,400 four-quart baskets and 150 twelve-quart baskets—a total return of \$1,230.00 gross. Fredonia is the earliest good black Grape, ripening 15 days earlier than Concord. The vine is very disease-resistant, vigorous and productive—makes new wood so fast it bears the second year. Of finest quality; the clusters are large size, cylindrical and very compact; berries large, round, and hang well to the bunch. The skin is thick and tough, the flesh is juicy, solid, but tender.

GOLDEN MUSCAT Possesses a rich golden color and the finest Muscat aroma of the European Muscat. For home use and the roadside market, it is one of the best. The vine is vigorous, productive; the clusters are very large, tapering, single-shouldered, and compact. The berries are large, oval, juicy, tender, sweet, vinous and aromatic. Ripens 10 days later than Concord.

Ackerman's BEARING AGE Fruit Trees

JUMBO Bearing-Age Trees FIVE YEARS OLD—READY TO BEAR

No Waiting for Fruit! The demand for bearing-age trees has been so great, we decided to produce a block of this size. These trees are now ready for transplanting this spring. Cash in now while fruit prices are high.

Giant Trees No small trees, but SUPER-SIZE that tower above the ordinary grades. Those who do not want to wait four or five years for fruit, should plant one or more of these big, fruiting-age trees.

We are offering both Apple and Pears

in this giant-size-tree. These are the standard type Apple and Pear trees (not dwarf).

APPLES

We offer the following varieties: Specify variety wanted.

Yellow Transparent. Early, yellow summer apple.

Red No. Spy. Bright red without strips. Flesh, white, tender. Winter apple.

Stayman's Winesap. Good red, winter apple; excellent for eating and cooking.

Red Rome Beauty. Large red, winter apple of good quality. Thick skinned. Bears young.

PEARS

We offer the following varieties: Specify variety wanted.

Campass. Ripens in October. Very thrifty; heavy producer—never misses a crop—bears every year. Excellent canning variety. Good keeper.

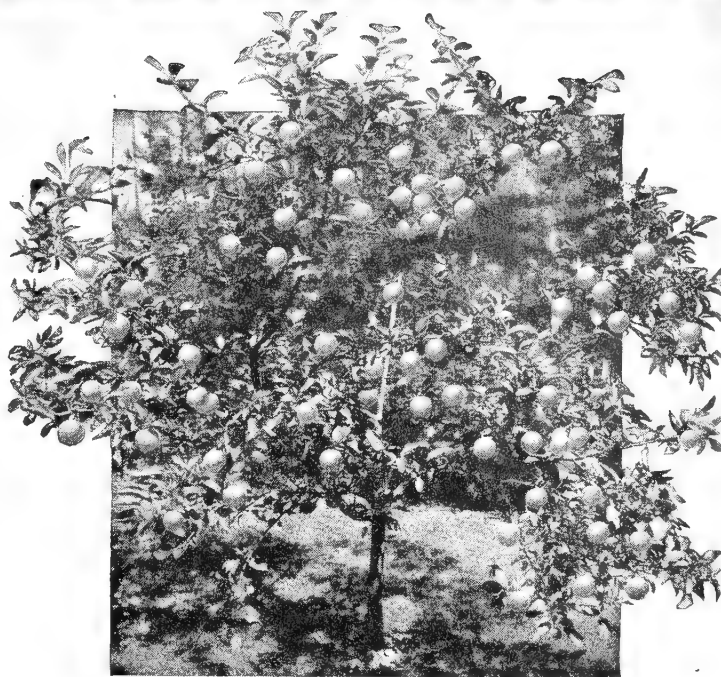

Clapp's Favorite. Large, yellow pear, with red cheek. Ripens July. Delicious, sweet, juicy.

Bartlett. See page 19 for description.

Duchess. Fruit large. A dull greenish yellow, spotted russet, flesh white, rich and good quality. Oct. ripening.

Kieffer. See page 19 for description.

PRICE: FRUITING-AGE, Selected Specimens—Apple and Pear Trees: Each \$2.95; 3 for \$8.50; 5 for \$13.00. (To be shipped by express—not mailable.)

4 Year LATHAM RED RASPBERRIES

(See actual photo)

**Here is the Plant You
Have Been Waiting For**

These plants have been grown for four years. Extra sturdy, giant plants, having from 1 to 2 canes.

Berries the First Year

This year these plants produced a wonderful crop of berries—they are all set and ready to jump in and start bearing. Will bear the first year after planting.

Those who do not want to wait for fruit, should plant these extra sturdy bearing-age plants.

Victory Gardeners

This is just the plant you need, for a few plants in your garden will furnish a nice lot of berries the first year. See page 11 for full description.

PRICE: Fruiting-Age, Selected Specimens, 50c each; 3 for \$1.35; 6 for \$2.40; 10 for \$3.50; 20 for \$6.00; 50 for \$12.00.

NEW Tested VARIETIES ACKERMAN'S Northern Grown

There's a Difference. Northern Grown. Buds Especially Selected from Heavy Bearing Trees; Insures a Bumper Crop.

We wish to call special attention to the new varieties listed on this page, which have been tried and tested, and are outstanding either for home use or a commercial proposition. You cannot afford to overlook these new kinds—they are sure money-makers.

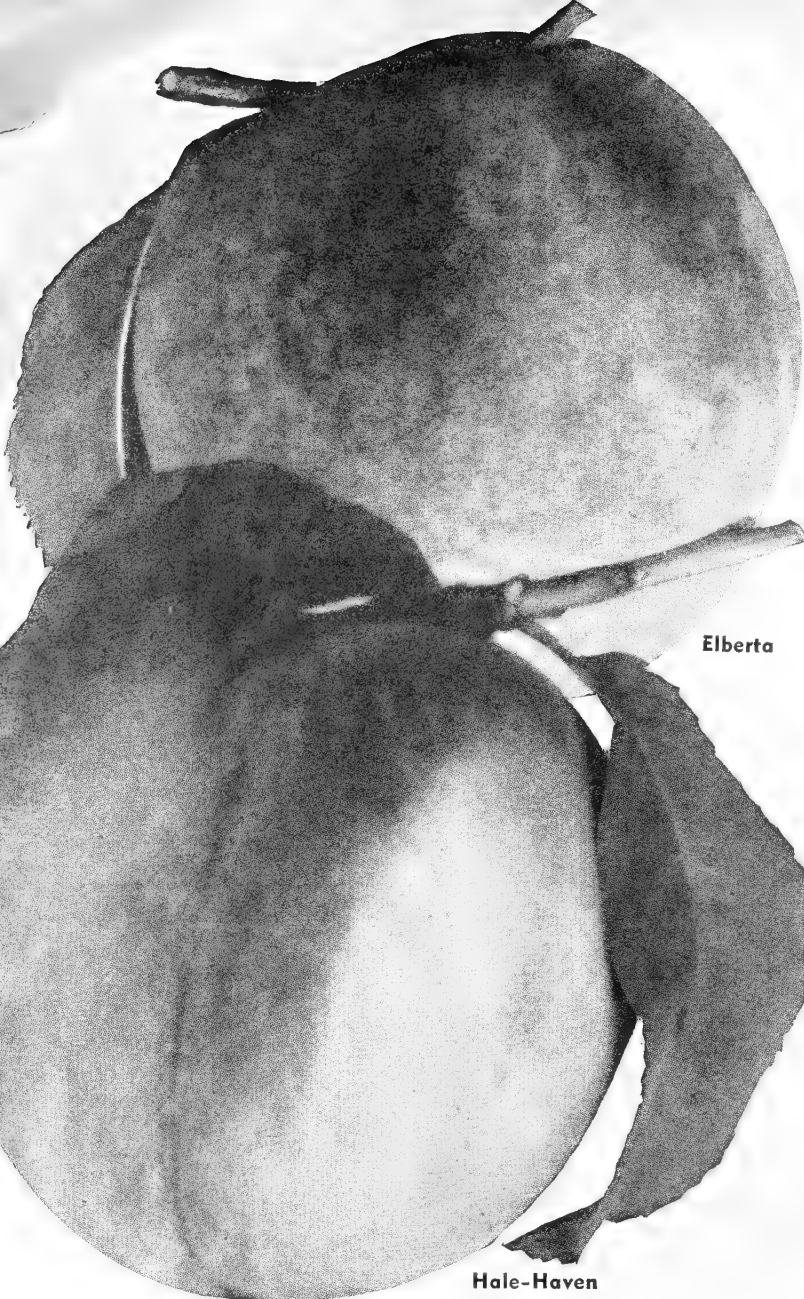

RED HAVEN. A big sensation in Michigan—the first half bushel offered on the Benton Harbor market brought \$30.00. Ripens 30 days earlier than Elberta. Almost completely covered with a brilliant red color. Heavy producer; will make A-grade fruit if thinned. Same shape as Elberta. Yellow freestone; sweet in flavor. Firm flesh and tough skin indicate better shipping and handling qualities. An excellent early-maturing peach.

Trees are vigorous and very productive. The scaffold branches usually originate at wide angles with the trunk which add to their strength. Fruit buds much hardier than those of Elberta. Self-fertile-trees can be planted in solid blocks. **PRICES ON PAGE 17.**

AMBER GEM. We fruited this variety for the first time this year, and can honestly say it is the largest peach we have ever seen. It is a semi-cling; shaped like an Elberta and ripens same time. Beautiful yellow flesh with deep red blush; delicious honeysweet-flavor. Will hang on the tree from ten days to two weeks after it ripens. One of the best canning varieties known at the present time—used extensively by all canning factories. It is extremely hardy and very productive. Excellent variety for long distance shipping as it will keep several days after being picked. **PRICE: 10c per tree more than prices quoted on page 17.**

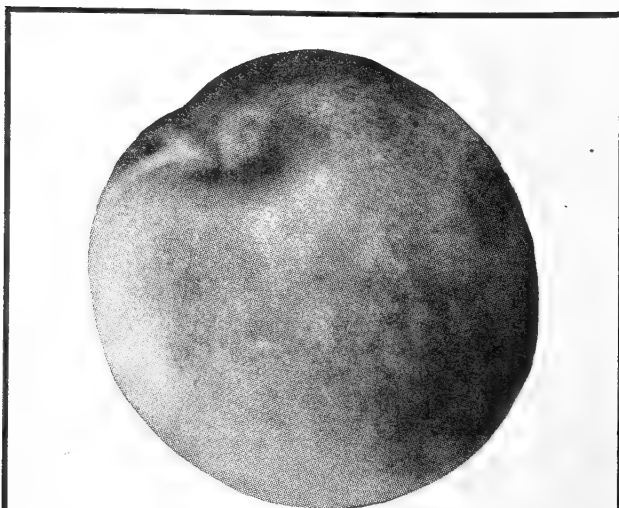

ELBERTA. Standard market peach of the entire country. Very large; yellow with red blush; flesh is yellow, tender and juicy; very highly flavored, rank, vigorous growers. Ripens middle of September. Freestone. See page 17 for price.

HALE-HAVEN. A cross between South Haven and J. H. Hale. Freestone. Strong grower, very hardy, heavy bearer; excellent, fine flavor. Ripens 15 days earlier than Elberta. The best yellow freestone we have seen for years. See page 17 for price.

Elberta

Hale-Haven

NECTARINE

Hardy as a peach, a delicious sweet flavor, with smooth skin and striking red color. It is a freestone and ripens with Elberta. Many fruit lovers call it the "Fuzzless Peach."

PRICE: 2½-3½ ft trees, \$1.85 each; 2 for \$3.50; 4 for \$6.00.

PEACHES STANDARD COMMERCIAL VARIETIES

Absolutely true-to-name, vigorous, well grown, perfectly healthy, with well-ripened wood and splendid roots. Guaranteed to reach you in good growing condition.

GOLDEN JUBILEE. Tree habits and fruit resemble Elberta, but ripens about a month earlier. The skin is yellow with red blush; flesh golden yellow, juicy, tender, sweet and freestone. Very hardy, regular bearer.

J. H. HALE. Ripens 5 days earlier than Elberta, is larger, and superior flavor; beautiful golden yellow with carmine blush, smooth, fuzzless.

ROCHESTER. One of the best early yellow freestones. Exceptionally hardy. The skin is yellow with deep red blush. Excellent flavor, and a good yellow freestone. A regular bearer.

SOUTH HAVEN. An extra large, fancy, early yellow variety which combines all the good features of Elberta—large size, excellent quality, delicious flavor, beautiful appearance, and immense productiveness, but it ripens 15 days earlier. Rapid growing, young bearing.

You will not find any spindly whips and poorly branched stock offered for sale in our nursery. We cannot afford to sell them and you cannot afford to plant them.

HARDY APRICOTS

This is the Hardy Northern Variety. Produces very large, orange-yellow-colored fruit with red cheek; sweet, juicy and delicious; freestone, and very productive. As hardy as a peach, and as easy to grow. Ripens in August. Plant two or more trees for proper pollinization.

Price: 2-Yr., 2½-3 ft. trees, \$1.85 each; 2 for \$3.50; 4 for \$6.00.

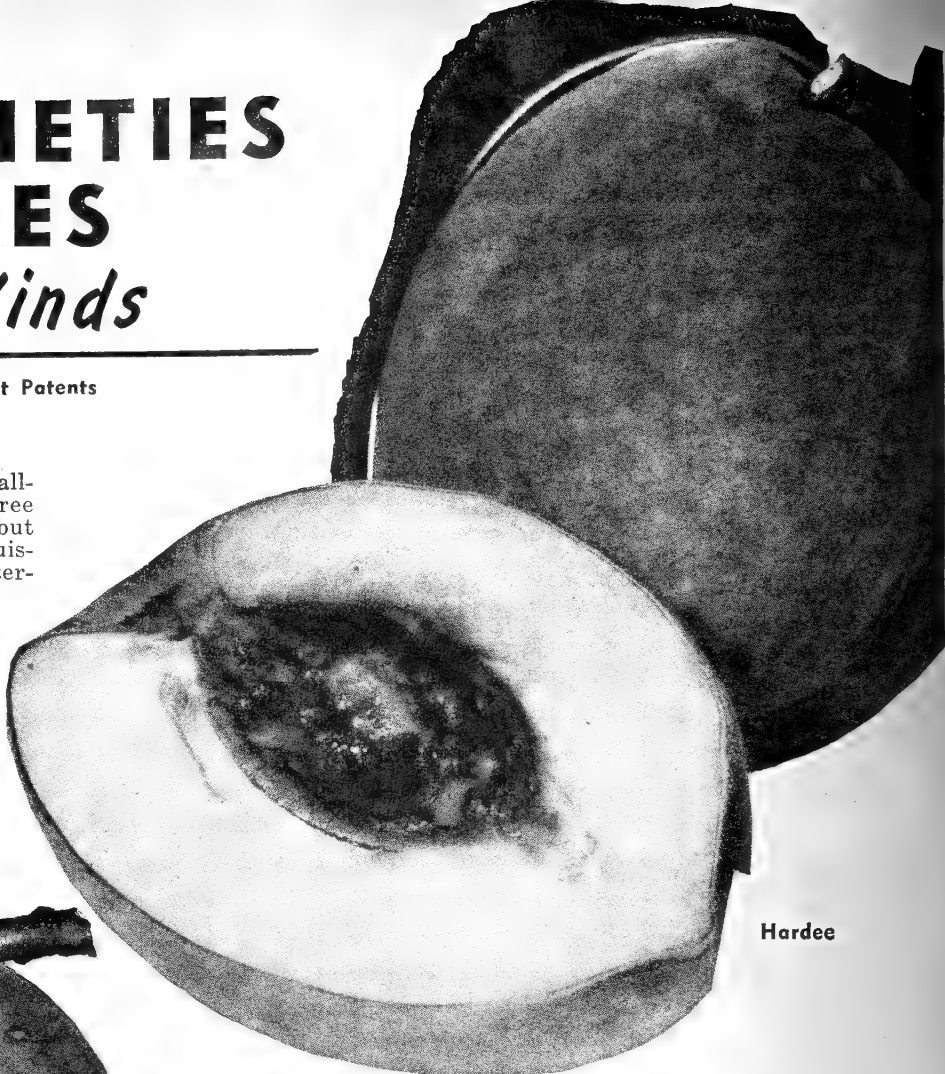

NEW VARIETIES OF PEACHES

All Patented Kinds

All Protected by U. S. Plant Patents

RED ELBERTA

U. S. Plant Patent No. 232. This rich red-all-over Peach is identical with Elberta in tree and fruit with a much improved flavor, but ripens 10 days earlier. The flavor is exquisitely rich, sweet, and free from all bitterness. It is fine textured, firm and able to hold up for long-distance shipping and canning requirements. The rich red color sells the fruit on sight and demands as high as 75c more per bushel than other Peaches. Price: 1-yr., 7/16 inch trees, \$1.00 each; 10 for \$9.00; 100 for \$70.00. 9/16 inch, \$1.10 each; 10 for \$10.00; 100 for \$80.00. Net, no discount.

Rio-Oso Gem

Hardee

RIO-OSO GEM

This variety is protected under U. S. Patent No. 84. Ripens about ten days after J. H. Hale, during that period when there are few peaches on the market. This Peach has the extreme large size of J. H. Hale; is more highly colored, of finer grained texture, firmer and of better general quality. Yellow freestone. The Ackerman Nurseries are licensed to distribute this fine new yellow freestone Peach—but to eight states only, viz.: Ohio, Indiana, Illinois, Missouri, Michigan, Wisconsin, Minnesota and Iowa. Price: 1-yr., 7/16 in., 95c each; 10 for \$8.50; 100 for \$75.00. 9/16 in., \$1.15 each; 10 for \$11.00; 100 for \$85.00. Net, no discount.

HARDEE

New Peach Resists Zero Weather! Extensive experiments have shown Hardee to have come through the driest summers and coldest winters undamaged, whereas the balance of the peach crop was a complete failure. The fruit is large to above large, Elberta type, ripening a little later, yellow freestone, highly colored, is distinct and delicious. Firm flesh, of the best quality, thick-skinned, making it an excellent shipper. Vigorous grower and will produce a nice crop the third year on most any kind of soil or climate. End winter-killing with Hardee. Protected under U. S. Plant Patent No. 120. Price: 1-yr., 7/16 in., 95c each; 10 for \$8.50; 100 for \$75.00. 9/16 in., \$1.15 each; 10 for \$11.00; 100 for \$85.00. 5/16 in., 75c each; 10 for \$7.00. Net, no discount.

Stanley Prune

PLUMS

Stanley Prune

Superior to all Prunes, as it often comes into bearing in 3 years, and ripens 10 days earlier than Italian or German Prune. Hardy, never winter-kills. A more thrifty and rapid grower than all other sorts. Very productive. Fruit large, deep bluish purple; firm and sweet, excellent quality. Will replace all other Prunes as soon as stock is available. The best for commercial planting or home use. Get started with this grand new variety this year. This variety can be furnished in the 4-5 ft. grade only—no 5-5½ ft.

Reine Claude (Green Gage)

Large, yellow-green, juicy, melting, sugary and delicious. Because of its rich flavor, one of the best for eating and canning. Ripens quite late. Very hardy and productive. This variety can be furnished in the 4-5 ft. grade only—no 5-5½ ft.

Burbank

Most profitable market variety. Tree hardy, spreading, vigorous and very heavy yielder. Bears young. Fruit large and of excellent quality; cherry-red, with lilac bloom. Ripens in August.

Abundance

Deliciously sweet, juicy and melting. Oblong, amber colored, over-spread with bright red. Flesh orange-yellow. Medium to large in size. Tree is a strong grower and an early and profuse bearer. Valuable for market and canning. Ripens in August.

PRICES OF PLUM TREES:

PEARS

Best Commercial and Home Orchard Kinds

BARTLETT. Large; coloring when fully ripe, to waxen yellow with red blush; juicy, melting, highly flavored. Tree bears early and abundantly. Fruit ripens in September.

SECKEL (Sugar Pear). Small size; yellowish russet, with red cheek. Flesh white, buttery, very juicy and melting. Ripens in September and October.

BEURRE BOSC. Fruit very large, of distinct gourd shape, roundish at blossom end, with long, thin, tapering neck. Beautiful golden russet color. Flesh fine grained, juicy and melting, very delicious and high flavored. Ripens late September or early October.

KIEFFER. Best Pear for large commercial planting. Ripens in October and November. Fruit large, of good quality.

CHERRIES

SWEET CHERRIES

BLACK TARTARIAN. Very large, purplish black, heart-shaped, flesh mild and sweet, and quality considered, one of the best for market and dessert. Tree is vigorous, upright grower and immense bearer. Ripens in July. We recommend this as one of the best Sweets for home use.

NAPOLEON (Royal Ann). Of fine appearance and very largest size. Color yellow and amber, with bright red blush; flesh firm, juicy and delicious. Bears enormous crops, ripening in July.

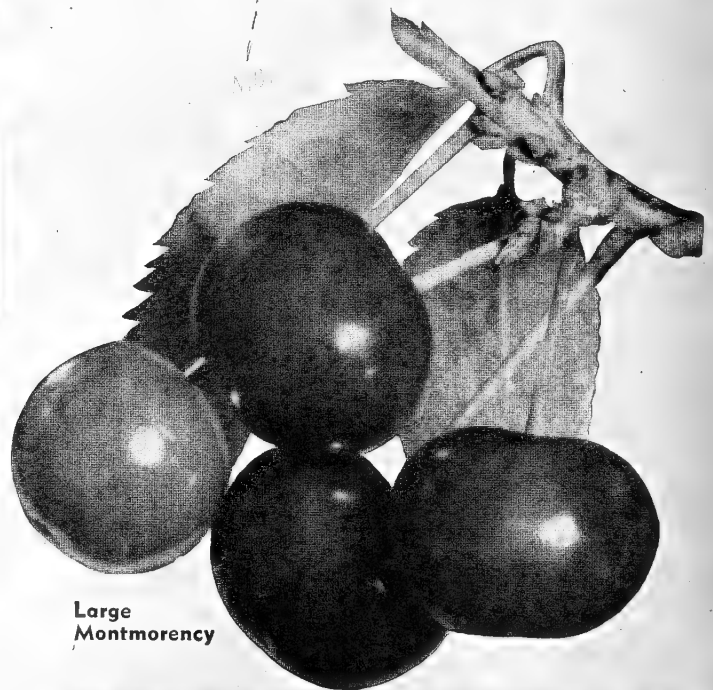

WINDSOR. Fruit large, dull red; flesh remarkably firm, of fine quality, and a good bearer. Tree hardy and prolific. Ripens middle of July.

SCHMIDT'S BIGARREAU. Bears young, very heavily, is very hardy and a sure cropper. Immense size, deep black; flesh dark, tender, very juicy, fine flavor. Ripens in July.

Net, not prepaid

NEW MONTMAMMOTH SOUR CHERRY

The New Cherry featured on the back cover! Found by Lee McClain, of Knox County, in 1928. High quality cherries are large—often calipering an inch in diameter. As the tree is dwarf and spreading in growth, is much easier to pick than other varieties as the bulk of the crop can be harvested from the ground. Heavy producer—3 to 5 fruits per spur; the parent tree was one-year-old when planted, which was 29 years ago, and it produced a 6-gallon-crate of fruit the third year. We are so favorably impressed with this cherry that we introduced it last year under the name of Montmammoth. The many fine points that this sour Cherry has, we believe, will eventually take the place of all other sour Cherries when stock is available. We offer a one-year-old tree, as follows:

Price: 2-3 ft. trees, \$1.50 each; 3 for \$4.35; 10 for \$14.00.

Large Montmorency. The leader of all Sour Cherries. Ripens midsummer. One of the finest flavored Sour Cherries. Bears enormous crops regularly. Best all-around Cherry grown. Tree bears two to three years from planting. The best Sour Cherry for pies and home use.

PRICE:	Each	10	25
7/16 in., 3-3½ ft.....	\$1.45	\$12.00	\$25.00
9/16 in., 3½-4½ ft.....	1.65	14.00	30.00

Richmorency. (Early Ripening Montmorency.) Large! Extra Early. Ten days earlier than Montmorency. Large red cherries, very juicy, fine flavor. These facts are of decided advantage, as the size, quality, and earliness of this Cherry bring a much larger profit. Should replace all other early Sour Cherries.

Price: 9/16 in., 3½-4½ ft. trees, \$1.75 each; 10 for \$16.50; 25 for \$37.50.

Combination FRUIT TREES

A Whole Orchard at Your Own Doorstep

5-N-1 APPLE TREES

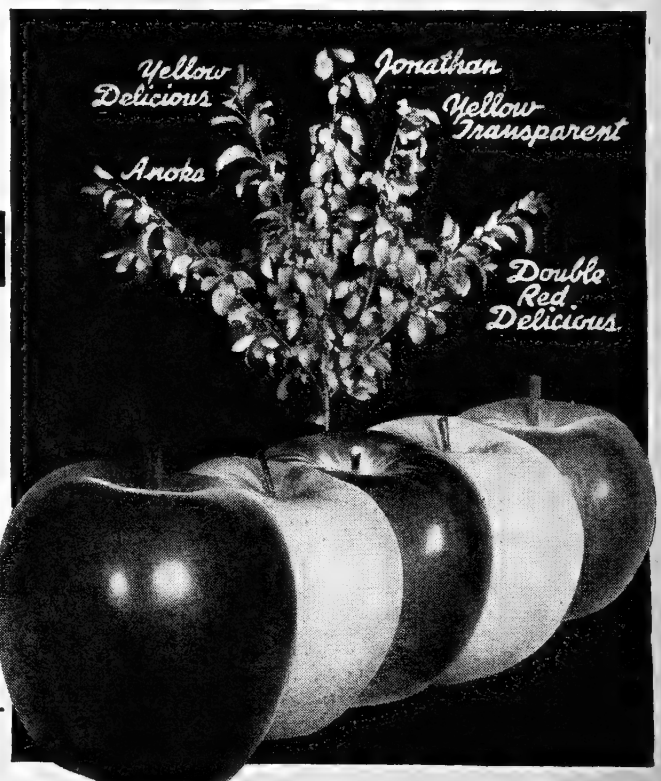

Five kinds of Apples on One Tree! Ideal for Home Gardens

The only Apple tree for the small home owner. No yard too small; can be planted in the front yard as well as the back. Will furnish plenty of shade, be highly ornamental, and also will produce a bountiful supply of five different kinds of Apples. The varieties are: Red Delicious, Yellow Delicious, Anoka, Yellow Transparent, and Red Jonathan. These are

five of the best standard varieties of Apples—practically covering the entire season. An outstanding novelty in your community.

Price: 3-yr., branched, 9/16 to 1 in., 6-7 ft. 5-N-1 Apple, \$2.25 each; 2 for \$4.00.

We also have a few trees on which one bud is missing—we do not know which variety; we offer these as 4-N-1 Apple. Price: 2-yr., 9/16 in. branched, 4-5 ft., \$1.50 each; 2 for \$2.75.

Cortland (A)

An offspring of the McIntosh, but fruit larger, more uniform in size, more highly colored, richer in flavor, firmer but fully as juicy. Clings to tree more tenaciously, and ripens 3 to 4 weeks later. Fine for cooking. A good shipper. Bears 2 to 3 years after planting.

(B)

Anoka (B)

The Old Folks' Apple! The second year, big, full-sized crop; earliest and heaviest bearing Apple. Hardy in all climates; never winter-kills. Can be grown anywhere in the United States. Ripens in August but can be used a month earlier. Apples are good sized, well formed, beautifully colored. Has proven to be one of the very best early summer apples for all purposes.

Red McIntosh

Medium size, nearly covered with dark red. Flesh white, tender, juicy and crisp. Similar to common McIntosh but colors earlier. Tree hardy, vigorous and healthy. September ripening.

Red Jonathan (C)

Grand, good winter Apple. Bright, solid red. Flesh white, sometimes tinted with red; firm, fine, crisp and tender. A splendid family sort and highly profitable for market. Tree long-lived, productive and an early bearer. Will keep well without especial care; also stands much handling.

(C)

(D)

(A)

Red Northern Spy

Red Spy is a typical Spy except in color. The color is solid bright red without either stripes or splashes. Flesh, white, tender, mild, sub-acid. Reliable bearer.

Red Rome Beauty

An improved variety, which has a solid, deep red color. Large winter Apple of good quality. Thick skinned, stands handling well and a good keeper. Bears young.

Yellow Delicious (D)

Best yellow apple. Waxy golden color. Luscious flavor, finest in the world. Bears very early, in 2nd and 3rd year. Keeps until late spring without becoming mealy. Very hardy. You'll make more money with our Yellow Delicious.

Yellow Transparent

Ripens in July. One of the best; early. Skin clear white, changing to pale yellow when ripe. Flesh white, tender, sub-acid.

Dbl. Red Delicious (E)

The new, superior Delicious that is creating a sensation. Fruit is red all over as early as August when other Delicious are still green. Extra fine flavor. Brings highest prices on the market. Supply is limited, so order early.

Stayman's Winesap

A good early winter keeper. Fruit large, bright red color. Flesh tinged with yellow; firm, crisp, with pleasant, rich acid flavor appealing to everyone.

Red Silver Flw. Crab. Semi-double, large, fragrant red flowers; somewhat cut-leaf maroon-red leaves, tinged with silver on the under side. Hardy. 2-yr., 3-4 ft. trees, 90c each; 3 for \$2.50.

Bechtel's Dbl. Flw. Crab. A Rose in Disguise! The only genuine Double-Flowered Crab. Makes a medium-sized tree; perfectly hardy. When in bloom, is covered with delicate pink, perfectly double, small rose-like flowers of delicious fragrance. Blooms very young. 2-yr., 2-3 ft. 95c each; 2 for \$1.80.

Gloriosa Flw. Crab. New! A profusion of rosy wine-red blooms. Beautiful green foliage. Blooms are followed by yellow fruit. Truly a beautiful Chinese Flowering Crab. 2-yr., 2-3 ft. trees, 85c each; 3 for \$2.40.

Pink Dbl. Flowering Cherry. Flowers are very full and double, deep pink or old rose, varying in tone according to weather conditions. Greatly admired wherever grown. 2-yr., 3-4 ft. trees, \$1.55 each; 2 for \$3.00.

Cornus Florida (White Flowering Dog-

wood). White flowers before leaves appear. Grayish green foliage, turning red in fall. Tall growers. 2-yr., 2-3 ft. trees, 55c each; 3 for \$1.50.

Prunus Cistena (A New Purple Leaf Plum). Shows more red in the colored leaves, lower growth and more compact than the common variety, glossier leaves. This dwarf tree comes out red in the spring, stays red all summer and bronze-red in the fall. Beautiful single flowers in May. Strong, 2-yr., 2-3 ft. trees, 55c each; 2 for \$1.00.

Cornus Florida Rubra (Red Flowering Dogwood). Covered in early spring with masses of large, rose-red blooms. Red berries in fall. Slow growing. Strong, 2-3 ft. trees, \$1.60 each; 2 for \$3.00.

Prunus Triloba (Double-Flowered Plum) Rose Tree of China. This small tree is covered with double pink blooms early in spring, before the leaves appear. Seldom taller than 8 feet. 2-yr., 2-3 ft. trees, 60c each; 3 for \$1.65.

European Mountain Ash (Sorbus Aucuparia). A hardy, medium size tree; head dense and regular. Covered from July until winter with large clusters of bright red berries. 2-yr., 2-3 ft. trees, 60c each; 2 for \$1.00; 2-yr., 5-6 ft. trees, \$1.50 each; 2 for \$2.75.

Judas Tree (or) Redbud Tree (Cercis Canadensis). Beautiful bright pink blossoms in early spring before leaves appear. Medium size tree with large, irregular head and heart-shaped leaves. Very hardy. 2-yr., 2-3 ft. trees, 40c each; 2 for 75c.

Prunus Cistena

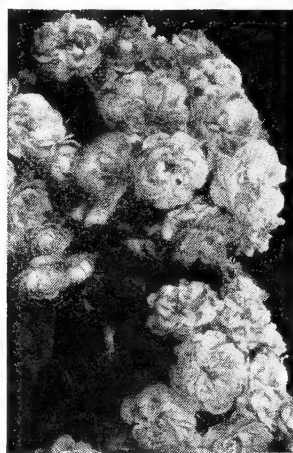

Cornus Florida Rubra

Paul's Double Scarlet Thorn (Crataegus oxyacantha pauli). A handsome dwarf tree with shiny leaves of attractive shape and color; blooming in profusion late in spring with compact clusters of deep crimson-scarlet flowers, very double. These are followed by large red fruits of vivid autumnal colorings. Very hardy. 2-yr., 3-4 ft. trees, \$1.45 each; 2 for \$2.75.

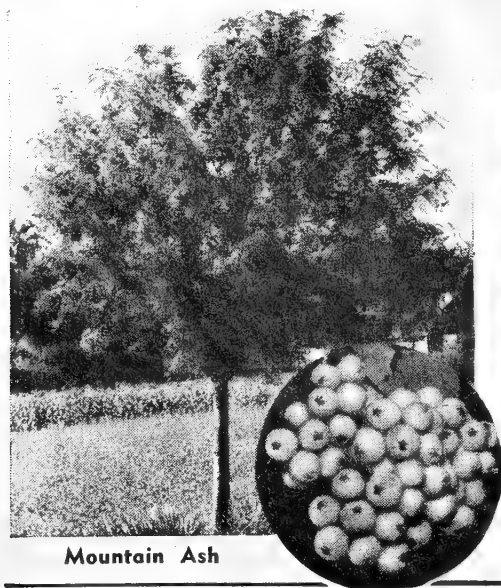

Kentucky Coffee Tree (Gymnocladus dioica). Hardy throughout the north, and native as far south as Tennessee. Leaves are pinnate, 18 in. to 3 ft. in length, with oval-shaped leaflets. In summer the tree is filled with large panicles of greenish white flowers, followed by seed pods which persist throughout the winter. The beans or seeds from this tree were commonly used as coffee before and during the Revolutionary War. A beautiful tree, attaining a height of 100 feet at maturity. 15-18 in., 60c each; 2 for \$1.00.

Chinese Elm

Wisconsin Weeping Willow

AMERICAN WHITE ASH (*Fraxinus Americana*). One of the best ornamental shade trees. A handsome, hardy, broad-headed, quick growing shade tree, sometimes reaching 120 feet in height. Narrow leaflets and heavy rugged twigs. Excellent wind-break. 3-yr., 8-10 ft. trees, \$1.35 each; 2 for \$2.50.

AMERICAN WHITE BIRCH (*Betula alba*). (Canoe Birch.) A large, vigorous upright tree with broad, handsome leaves and brilliant white bark. (Note the bark of young trees has a reddish cast, which disappears within a year or two from planting.) 2-yr., 3-4 ft. trees, 55c each; 2 for \$1.00; 2-yr., 5-6 ft. trees, \$1.50 each; 2 for \$2.75.

CUT-LEAVED WEEPING BIRCH (*Betula alba laciniata*). A tall slender tree of vigorous growth, with graceful drooping branches, silvery white bark and delicately cut foliage. 2-yr., 3-4 ft. trees, \$1.25 each; 2 for \$2.25.

CHINESE ELM (*Ulmus pumila*). Very rapid grower. Will give ample shade in only 5 or 6 years. Dense, dark green foliage. First to leaf out in the spring. Very hardy. 2-yr., 4-5 ft. trees, 60c each; 3 for \$1.35. 6-8 ft. trees, \$1.10 each; 3 for \$3.00. 3-yr., 8-10 ft. trees, \$1.50 each; 3 for \$4.00.

GINKGO TREE (or Maiden Hair Tree). A rare elegant tree with a singular, almost fernlike foliage unlike that of any other tree. Of free, columnar growth when young, with angular, independent branches, each quite distinct. A robust and rapid grower. One of the few plants that has survived the ice age of ancient times. Fine, 2-yr., well-rooted, 2-3 ft. trees, 55c each; 2 for \$1.00.

SILVER MAPLE (*Acer dasycarpum*). Very hardy, rapid growing native tree, valuable for producing quick shade. Good sized, rather deeply and irregularly indented leaves, which turn yellow and bronze in the fall. 2-yr., 4-5 ft. trees, 50c each; 10 for \$4.00. 2-yr., 6-8 ft., \$1.00 each; 3 for \$2.85; 3-yr., 8-10 ft., \$1.50 each; 3 for \$4.25.

BOLENA POPLAR. One of the finest of all the Poplars. Tree grows erect and symmetrical, like the Lombardy in shape. Long lived. Bark of soft, light green and foliage of beautiful color and density, silver-gray on the under side. 2-yr., 5-6 ft. trees, 75c each; 3 for \$2.10.

LOMBARDY POPLAR (*Populus nigra italica*). Tall tapering tree, rapid grower; dark green leaves with silvery surface underneath. 2-yr., 4-5 ft. trees, 40c each; 3 for \$1.10. 6-8 ft. trees, 60c each; 3 for \$1.65; 3-yr., 8-10 ft. trees, 75c each; 3 for \$2.10; 10 for \$6.25.

RUSSIAN MULBERRY TREE (*Morus tatarica*). An ideal shade tree; luxuriant foliage; clean and hardy everywhere; a rapid grower. Bears an abundant crop of edible fruits which resemble blackberries and are very sweet. A few Russian Mulberry trees will save your cherry crops as the birds prefer the Mulberry to Cherries. 3-yr., heavy 4-5 ft. trees, 50c each; 3 for \$1.40; 10 for \$4.00. 3-4 ft. trees, 35c each; 3 for 90c.

PIN OAK (*Quercus palustris*). The tree is very symmetrical, with bright green deeply cut foliage, coloring an intense red in autumn. The most valuable of all Oaks for shade and specimen planting. Tall grower and very hardy. 2-yr., 5-6 ft. trees, \$1.00 each; 2 for \$2.75.

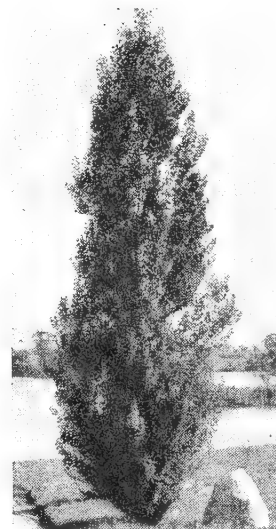

TULIP TREE. (*Liriodendron Tulipifera*). An Ornamental Tree With Unusual Flowers. A large, stately tree with smooth bark, glossy light green leaves and spreading branches. Flowers are 1½ to 2 inches long, light greenish yellow and are tulip shape; blooms appear in late May and early June. Tall growing and hardy. 2-yr., 2-3 ft. trees, 25c each; 3 for 60c. 2-yr., 4-5 ft., branched trees, \$1.00 each; 2 for \$1.75.

WISCONSIN WEEPING WILLOW. (*Salix blanda*). A graceful tree of large size. Its long, fine leaves on slender branches are a fresh, bright green tint. Rapid Grower. 2-yr., 3-4 ft. trees, 40c each; 3 for \$1.10. 2-yr., 5-6 ft. trees, 60c each; 3 for \$1.65.

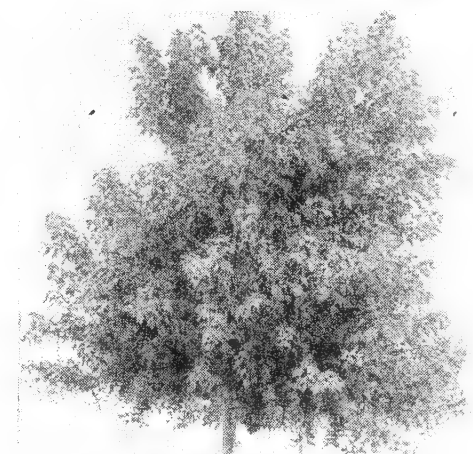

HORSE CHESTNUT (or) **OHIO BUCKEYE**. (*Aesculus glabra*). Trees are filled with magnificent, hyacinth-like spikes of sweetly scented creamy white flowers, with panicles 5 to 6 inches long, standing stiffly erect in strong contrast to the rich dark green leaves. Numerous clusters of nut-like fruits of unusually attractive appearance in the fall, which are commonly called "Buckeyes". A very attractive flowering shade tree, being one of the very first to provide dense shade in May. Fine, 18-24-inch trees, 50c each; 2 for 90c.

Tulip Tree

Lombardy Poplar

Silver Maple

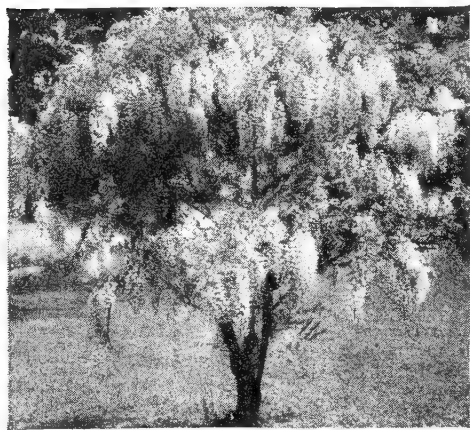

Cut Leaf Birch

Unusual Ornamental Trees

NEW RED LEAF PEACH

Five years ago we discovered a tree with very red foliage in our seedling block; the color was so outstanding that we budded a considerable quantity of trees, which have proven to be real red each year. The foliage is a bright red early in the spring, gradually dulling to a deep maroon towards fall. Blooms are shaped the same as the flowers on any peach tree, but are a deep rose in color, which creates a most pleasing contrast against the red foliage. Be one of the first to have this unusual ornamental tree in your yard. The supply is very limited again this year; therefore, order early and avoid disappointment. We offer these trees at the following low price: 4½-5½ ft. trees, \$1.85 each; 2 for \$3.50.

Tree Wisteria

Tree Wisteria

Gorgeous long clusters of purple flowers hang from this dainty tree, lasting a long time. Grafted form, stays small. Blooms in May. Fine, 3-4 ft. trees, \$2.75 each; 2 for \$5.00.

3-N-1 Althea

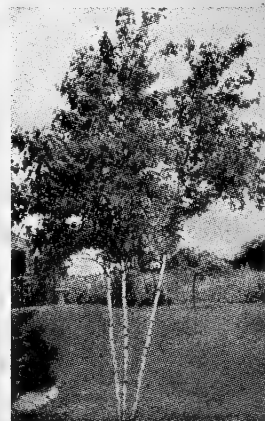

3 Colors on One Bush! Same flowers as on shrub described on page 26, but we have grafted 3 colors on one bush. Imagine a shrub with red, white and blue flowers at the same time. We know they will please you. 2-yr., ready to bloom, 2-3 ft. trees, \$1.55 each; 2 for \$3.00.

3-On-1 Birch

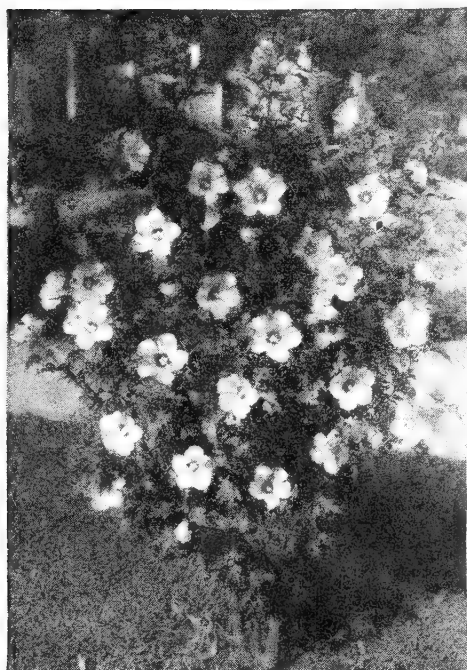

An outstanding and Beautiful Novelty. Note photo at right, which shows one of the 3-on-1 White Birch clumps. Real beauties in every sense of the word. Very hardy. Heavy rooted, 3-4 ft., 3-on-1 trees, \$1.60 each; 2 for \$3.00.

MAY DAY TREE (*Prunus Padus Commutata*). The first tree to leaf out and bloom in the spring. Large, white, conical-shaped flowers in May; splendid for cutting. Very fragrant. Small fruits follow the flowers. Fine 2-yr., 2-3 ft. trees, 65c each; 3 for \$1.80.

Ornamental Shrubs of Rare Beauty

Buddleia

New Buddleias

For delicate coloring, for their long blooming period, for hardiness and general dependability, these five new varieties are unexcelled. All perfectly hardy.

DUBONNET. A gorgeous color, similar to that of the famous French wine, Dubonnet. Glows a true red in sunlight. Of erect growth, strong-stemmed; firm, cylindrical spikes. **Fine, 2-yr. plants, 55c each; 2 for \$1.00.**

ELEANOR. The color is Eleanor-blue with an orange eye. Very dwarf, strong, bushy plant attaining a height of only 30 to 36 inches. Full rounded, compact spikes. **Fine, 2-yr. plants, 65c each; 3 for \$1.80.**

EMPIRE BLUE. A truly lovely brand new Buddleia. Produces an abundance of gorgeous delicate lilac-blue sprays of bloom from mid-summer until late fall. The well filled, compact spikes are borne on strong stems; bushy shrubs attaining height of 3 to 4 ft. A worthwhile member to the Buddleia family. Protected under U. S. Plant Patent No. 557. **Fine, 2-yr. plants, 75c each; 3 for \$2.10. Net, no discount.**

ROYAL RED. Although this variety has been on the market for several years, we still consider it a Brand New Buddleia. The first truly red variety ever offered. Produces armloads of graceful 12- to 15-inch racemes of gorgeous ruby-red flowers from July until late fall. Reaches height of 5 to 6 feet the first year. Hardy; will live for years. Protected under U. S. Plant Patent No. 556. **Fine, 2-yr. plants, 75c each; 3 for \$2.10. Net, no discount.**

DAPHNE MEZEREUM

(Winter Daphne). Here is a shrub that blooms with the earliest of spring flowers. Snowdrops are not ahead of Winter Daphne in blooming season. Has a delightful, and slightly spicy fragrance. The rosy blooms occur in beautiful clusters along the upright stems. Hardy. A charming addition to your garden. Ultimate height 3-4 ft. **Fine, 3-yr., 10-12 inch shrubs, 75c each; 3 for \$2.10.**

FRENCH HYBRID LILACS

Until you have seen these new lilacs, you cannot realize how beautiful they are. Immense flower panicles with double florets. They are perfectly hardy. Bloom quickest of all Lilacs, blooming very young—generally the next year after planting. Will not sucker. Carefully budded on hardy under-stocks. We offer them in five colors: Blue, Pink, Purple, Red and White. Specify colors wanted. **Fine plants, 55c each; 3 for \$1.50.**

BARGAIN NO. 25

\$1.95

VIBURNUM CARLESI

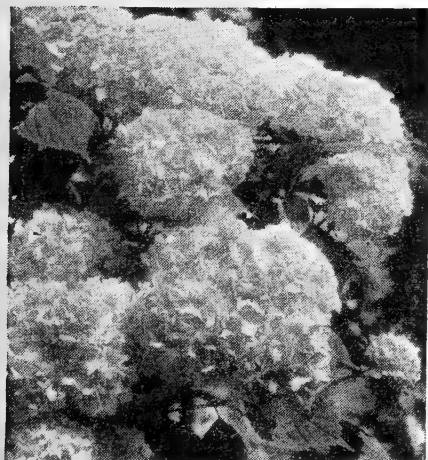

The Pink Snowball. A valuable recent introduction. Produces delicate, spice-scented flowers in May and June. The buds are pink, opening into clusters of pure white. The large flowers preserve their form and purity of color an unusually long time. Bush is low growing and of rounded form. **15-18 inch shrubs, \$2.25 each; 2 for \$4.00.**

BLUE HYDRANGEA

Loveliest Novelty Ever Introduced. Immense blooms of most charming blue color imaginable. Flowers in great profusion. Blooms pink flowers on the one-year stems, followed by blue on the two-year wood. Cover in winter to protect from frost. Prefers an acid soil. **Fine plants, 90c each; 3 for \$2.50.**

CHRISTMAS BERRY

(Photinia Villosa)

Beautiful shrub growing 6 to 8 feet high. Shiny green foliage turning to red in fall. Flowers are white. Blooms in early spring. Also highly prized for its brilliant red berries which are cut in early winter for bouquets. 2-yr., 18-24 in. bushes, 85c each; 3 for \$2.25.

Christmas Berry

BARGAIN NO. 26

1 Dbl. Flw. Dogwood
1 American Holly

\$2.15

Net, not prepaid

AMERICAN HOLLY (Ilex Opaca). An evergreen tree which has been acclimated to northern states. A moderate grower with spreading, short branches tapering upwards to a narrow head. Broad, oak-like shiny evergreen leaves with spiny teeth. Bush is covered with red berries in the fall, which remain on the branches nearly all winter. Prefers an acid soil. Transplanted, field-grown, 15-18 in. stock, 95c each; 3 for \$2.70.

EVERBLOOMING LILAC (The Pearl Lilac). (Syringa Sweginzowi Albida). It has the unique habit of blooming a second time in the autumn and often stray blossoms throughout the summer. The flowers of this new Hybrid resemble clusters of pink pearls. The large long tubed flowers with reflexed lobes are of a delicate pale pink, passing to white, and very sweet-scented. 2-yr., 24-30 inch shrubs, \$1.35 each; 2 for \$2.50.

DOUBLE-FLOWERING DOGWOOD. One of the most beautiful of the Dogwoods. Its very double, showy white blooms appear about ten days later than those of the Cornus Florida, thus prolonging the Dogwood blooming season. Trees pro-

duce flowers at an early age. Blooms, which are not unlike the gardenia, are often 3½ inches across the outer petals. The large red berries hang on late in winter. A worthy member of a noble family of trees. Fine, 2-yr., 18-24 inch shrubs, \$1.75 each; 2 for \$3.25.

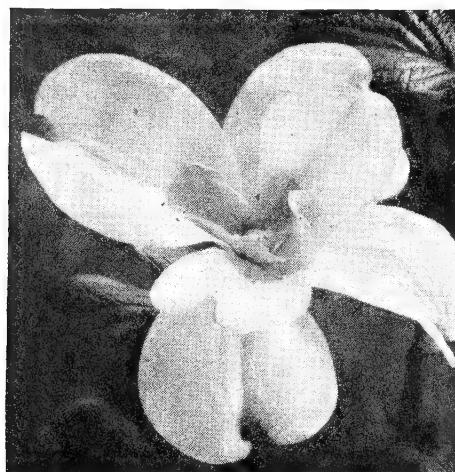

BLUE ALTHEA. A rather scarce color in flowering shrubs. Has charming large, single flowers of deep blue shade, with a crimson eye. Blooms freely from early summer to late fall. 2-year, 18-24 inch shrubs, 50c each; 2 for 90c.

ABELIA GRANDIFLORA (Glossy Arbutus). Dainty, bell-shaped white and pink flowers from early spring until frost. Shiny, practically evergreen leaves look as though they had been waxed. About 5 feet at maturity. 2-yr., 2-3 ft. shrubs, 90c each; 2 for \$1.70.

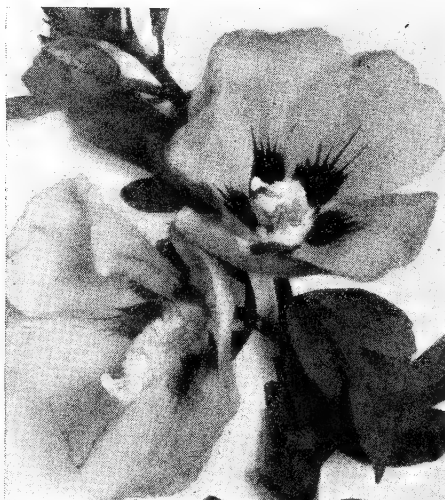

VIBURNUM BURKWOODI (Improved Carlesii). The flowers on this new fragrant Viburnum are produced in early spring, when the leaves are unfolding, and are a blush-white and form round, domed clusters. Their fragrance is like Gardenia and in the evening will envelop a large area. Attains a height of about 6 feet and is about 4-5 ft. in diameter when fully matured. Foliage brilliant in autumn and dark green in summer. Fine 2-3 ft. plants, \$3.10 each; 2 for \$6.00. Can also supply strong plants, out of pots, for 75c each; 2 for \$1.40.

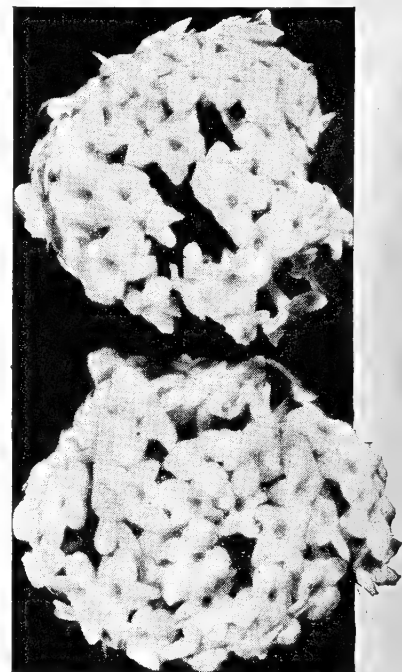

Abelia Grandiflora

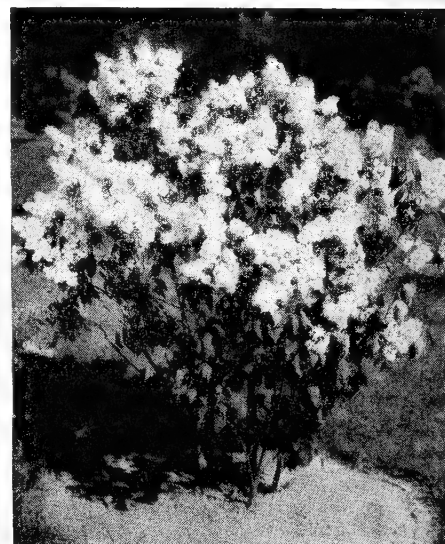

Double Flw. Dogwood

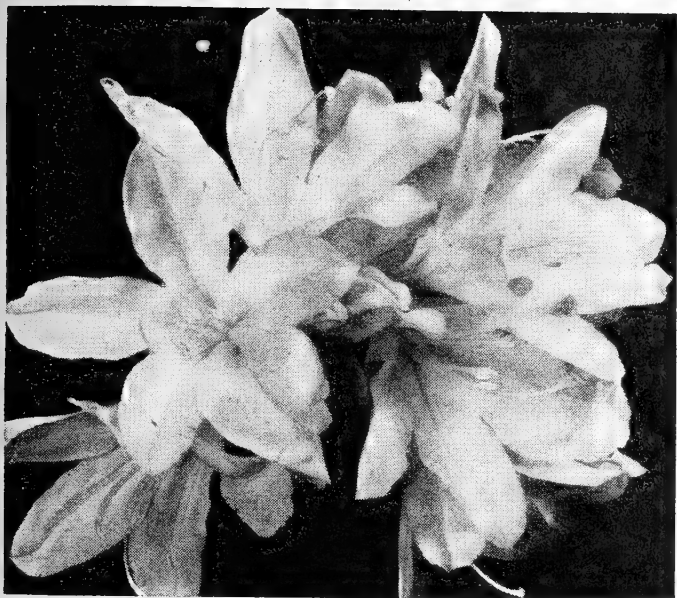

Blue Althea

Viburnum Burkwoodi

Everblooming Lilac

Azalea Mollis

Here's Inexpensive Beauty For You

Azalea Mollis. Strikingly beautiful. A flaming mass of orange, yellow or red bloom during May. The large, 2½ inch flowers appear in bunches at the ends of the shoots. Hardy. Grows about 2 feet high, and does well in both sunny and partially shaded locations. Prefers an acid soil. **These are hybrids and no particular color can be guaranteed.** Fine, 8-10 in. bushes, 80c each; 2 for \$1.50.

BROADLEAF EVERGREENS and ACID LOVING SHRUBS, such as Azalea, Daphne, Holly, Blue Hydrangea, grow best in an acid soil. This condition can be induced by application of aluminum sulphate, one-half to one pound, or sulphate of ammonia, one-half to one pound, or sulphate of ammonia, one to three pounds, sprinkled evenly over a square yard of surface and spaded in.

Blue Spirea

BLUE SPIREA (*Caryopteris Mastacanthus*). The perennial shrub with aromatic leaves. Its habits are similar to the Buddleia; that is, the tops die down to the ground every winter, but the roots are perennial. It grows upright and has a globose, very compact habit of growth. It rarely grows more than 2 feet in height. Beginning in September, it is completely covered with clear blue flowers until frost—a very rare color in flowers at that time of the year. It is extremely showy. Splendid as a fall cut flower. Fine No. 1 plants, 50c each; 3 for \$1.35.

AMERICAN CRANBERRY BUSH. The famous berry used for making jellies and sauces for meats. Selected by the U. S. Department of Agriculture for their especially fine fruit characters. They produce large, showy masses of white flowers in June, followed by clusters of large, brilliant red fruit in late September. Highly ornamental and attractive. 2-yr., 18-24 in. bushes, 60c each; 3 for \$1.65.

OAK-LEAF HYDRANGEA (*Hydrangea Quercifolia*). Handsome 3-lobed leaves measuring 4 inches across, color to bright purplish red in autumn. Pyramidal white flower panicles measure 8 to 12 inches long. Blooms in July. Grows 4 to 5 feet tall. 2-yr., 18-24 inch bushes, 60c each; 3 for \$1.65.

OKA CHERRY. One of Prof. N. E. Hansen's newest and best Cherry-Plum introductions. Early bearing—very hardy—delicious flavor—prolific. Dwarf bush habit; bears from the ground up. Showy blooms followed by full crop of fruit. Fruit is about one inch in diameter, purplish black skin and flesh. Very sweet. Ripens late July. Delicious to eat for jelly and jam. Plant near your plum trees. 2-yr., 18-24 in. bushes, \$1.10 each; 3 for \$3.00. 2-3 ft. bushes, \$1.40 each; 3 for \$3.85.

Oka Cherry

Evergreen Bittersweet

(*Euonymus Vegetus*). Low spreading evergreen shrub with round, waxy dark leaves, very thick and leathery. Beautiful in the fall with attractive orange-red berries like Bittersweet that stay on the vine all winter. Foliage is evergreen. A splendid rock plant, low-trimmed hedge or ground cover. Can also be grown as a vine against the wall. 3-yr., 15-18 inch plants, \$1.25 each; 2 for \$2.00.

REAL Aristocrats

SNOWBALL

(*Viburnum Opulus Sterile*). The well known favorite, prized by every gardener. It is really one of the prettiest grown. It has immense globular clusters of flowers in May and June; grows 9 to 11 feet high. 2-yr., 18-24 in. shrubs, 65c each; 3 for \$1.80.

KOREAN SPIREA

(*Trichocarpa*). Acclaimed the best of all Spireas. Grows 4 to 6 ft. tall, and forms a big dome-shaped bush covered in spring with large, rounded clusters of snowy-white flowers marked with darker eyes. Very hardy. More robust and blooms two weeks later than Spirea Van Houttei, and is more desirable. Strong, 2-yr., 18-24 in. shrubs, 45c each; 3 for \$1.20.

SMOKE TREE

(*Rhus Cotinus*). Purple Fringe. Unique, spreading, tree-like shrub with large leaves. Overhung in midsummer by cloud-like masses of mist-like flowers having the appearance of smoke. Foliage changes to a brilliant red and yellow in fall. Good as a single specimen on the lawn, or to mass with tall shrubs. 2-yr., 2-3 ft. shrubs, 70c each; 2 for \$1.30.

FRENCH PUSSY WILLOW

(*Salix Discolor*). A large, tree-like shrub with long, narrow leaves. Its popular appeal is the conspicuous silky catkins which bud in the

fall and make such delightful, springlike bouquets just as the snow is melting away. 2-yr., 18-24 in. shrubs, 45c each; 3 for \$1.20.

BEAUTY BUSH

(*Kolkwitzia Amabilis*). Covered early in May with the utmost profusion of small, bell-shaped, clear pink flowers with brownish spots and veins. The tiny rose-colored buds are fascinating, hooded with fuzzy jackets which remain to decorate the seed pods. Graceful the year round, and perfectly hardy. 2-yr., 18-24 in. shrubs, 65c each; 2 for \$1.20.

PHILADELPHUS VIRGINALIS

Has very large, sweetly scented, pure white flowers in clusters of six or seven; closely resembles a bride's bouquet of orange blossoms. Single flowers on 1-year wood, double flowers on 2-year wood. 8 ft. at maturity. 2-yr., 18-24 in. shrubs, 60c each; 2 for \$1.10.

HYDRANGEA A. G.

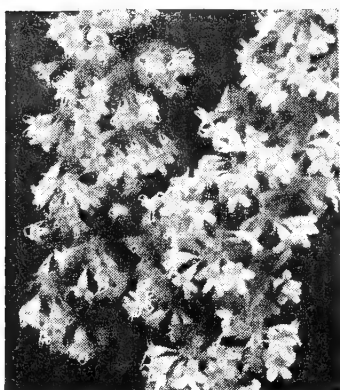

(*Hills of Snow*). Large, flat clusters of white blooms from June to September. The most hardy of the Hydrangeas, and especially useful for shady places. Excellent for solid low borders or in foundation planting. Very popular shrub. 2-yr., 18 in. shrubs, 75c each; 3 for \$2.00.

Unusual and CHARMING

SPIREA PRUNIFOLIA. The True old-fashioned Bridal-wreath. Small tight pure-white blossoms borne in great profusion in early spring. Glossy, round green leaves during the summer, which turns to pleasing shades in autumn. Tall, upright growing shrub, reaching a height of 8 feet when fully matured. Very hardy. **2-yr., 18-24 in. shrubs, 50c each; 3 for \$1.35.**

WITCH HAZEL (*Hamamelis vernalis*). Something new. **Flowers in the winter** in January, February and March, great masses of orange and yellow bloom. Rarely exceeds 6 feet in height. Hardy, sweetly fragrant. An excellent new shrub for border planting or individual specimens. **2 yr., 2-3 ft. shrubs, 50c each; 3 for \$1.35.**

CALYCANTHUS. The sweet-scented Shrub or Strawberry Shrub; also called Chocolate Shrub and Carolina Allspice. Flowers very double, a brownish purple in color, and deliciously fragrant. Blooms nearly all summer, and is one of the most desirable shrubs; even the roots are very fragrant. Attains a height of 8 to 10 feet. **2-yr., 18-24 in. shrubs, 45c each; 3 for \$1.20.**

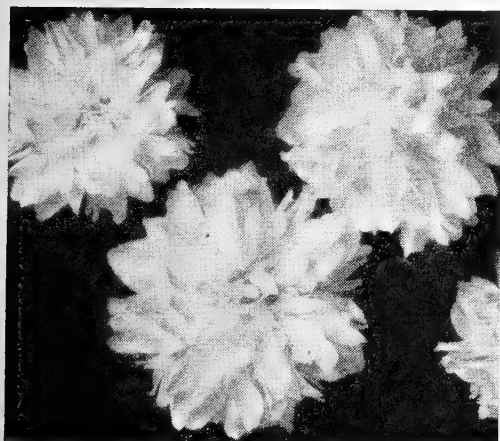

KERRIA JAPONICA FLORA PLENA. Golden flowers in June, with enough bloom throughout the summer to make a pretty display. Matures to 8 feet. Hardy. **2-yr., 15-18 in. shrubs, 65c each; 3 for \$1.80.**

Zabeli Red Honeysuckle

ZABELI RED HONEYSUCKLE. A comparatively new Red Honeysuckle. Very compact, erect, well-formed bush maturing to 7 feet. Produces beautiful red flowers, which are followed by brilliant red fruits in late summer. Very hardy. **Strong, 18-24 in. shrubs, 50c each; 3 for \$1.35.**

TREE FORM HYDRANGEA. Beautiful, well developed trees of the true P. G. type that are ready to jump right in and grow. Good roots and plenty of branches. They're beautiful anywhere. Very large clusters of white flowers, changing to pink. **2-yr., 3-4 ft. trees, \$1.50 each; 2 for \$2.75.**

RECIPE FOR MORE BIRDS

ANY SHRUB ON THIS PAGE,
 40c each; 3 for \$1.10.

RED CHOKEBERRY. Pretty white flowers in April and May, with bright red berries and foliage in autumn. Grows to 6 feet at maturity. Attracts dozens of birds.

REDTWIG DOGWOOD. One of the best native shrubs; free flowering; very handsome when in bloom, and with its white berries on red stems in the fall. Grows compactly, 6 to 10 feet in height. 93 kinds of birds eat the fruit of this Dogwood.

WHITE SNOWBERRY. A desirable shrub with small, pink flowers, followed by large, white, wax-like berries, which hang on the plant through most of the winter. Is very showy and succeeds everywhere. Does well in shade. Grows 3 to 4 feet tall. Untold numbers of birds enjoy the berries of this shrub.

HONEYSUCKLE, TARTARIAN PINK. Bright pink flowers, followed by red berries in the fall. Bushy, upright. Grows 8 to 10 feet high. The berries of this shrub are known to be eaten by 118 kinds of birds. 18-24 in., 25c each; 3 for 65c; 3-4 ft., 40c each; 3 for \$1.10.

RED SNOWBERRY. Often called Corallberry or Indian Currant. Similar to White Snowberry but with red berries. 53 species of birds feed on these berries.

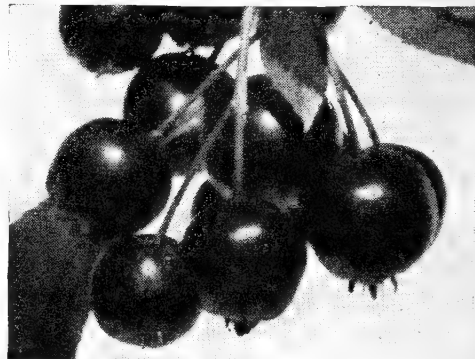

HANSEN'S BUSH CHERRY. An ornamental shrub producing delicious fruit! Snow-white flowers in early spring, followed by fruit as large as any sweet Cherry, but plum-shaped; good flavor—delicious to eat from the bush, fine for sauce, jams and jellies. Very hardy. Grows 4 to 5 feet tall. Enjoyed by 118 kinds of birds.

GRAY DOGWOOD. Unusually compact; showing a profusion of good sized white flowers in June. Berries white, on noticeably red stems. Bark and under side of leaves gray. Berries eaten by 93 varieties of birds.

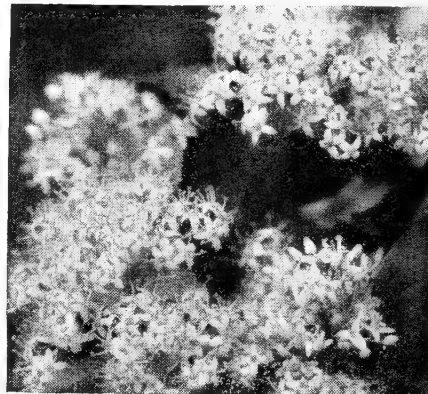

The Department of Agriculture estimates that insects do over a billion dollars' damage a year to our crops, while the value of birds in combating these insects is over 300 million dollars. Besides their value in destroying insects, many species help in keeping down weeds. Offer the birds board and lodging by planting berry producing shrubs, and you will have a host of willing helpers, working tirelessly for you throughout the whole year.

Insect-eating birds flock to farms where a side dish of brilliant shrub and tree berries has been planted.

Deutzia Pride of Rochester

Any Shrub on This Page 40c each; 3 for \$1.10

ALTHEA (Rose of Sharon). Beautiful treelike shrub, blooming late in August and September with a profusion of large and brightly colored flowers. Grows 10 to 12 feet high. Attractive as a specimen or for hedges. Your choice of pink or red. All double flowering.

SPECIAL. Mixed colors Althea, 2-year, strong bushes, 25c each; 6 for \$1.25; 12 for \$2.15. Net —no discount.

Remember, if certain colors are wanted, they must be bought at the 40c price.

SIBERIAN PEA SHRUB. Tall shrubs, 10 to 12 feet high, with bright green, compound leaves and many small clusters of yellow flowers in May and June. Useful for group or background planting. Hardest and best hedge shrub for the Northwest.

DEUTZIA, PRIDE OF ROCHESTER. Large, white flowers tinged with rose. Profuse bloomer. Very hardy. Grows 6 to 8 feet tall, useful for specimens or background.

PURPLE LILAC. It is hard to outclass this old-fashioned purple lilac. Early prolific bloomer, very fragrant. Very fast grower.

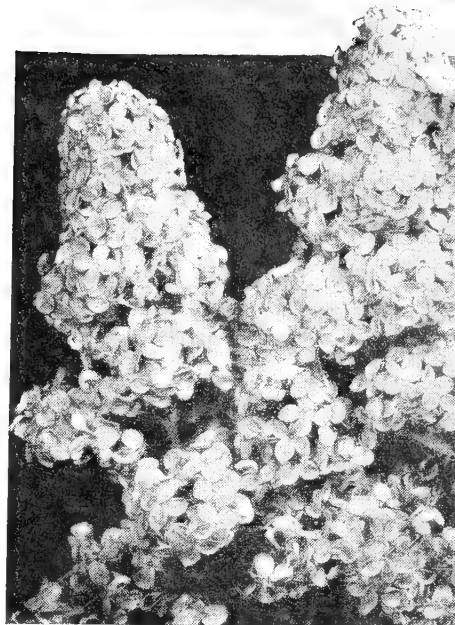

FORSYTHIA. Earliest blooming. Lights up the garden with masses of yellow flowers, often before the snow is gone. Tall grower. 2-yr., 18-24 in. shrubs, 40c each; 3 for \$1.10. 3-4 ft. shrubs, 50c each; 3 for \$1.35.

MOCK ORANGE (Philadelphus Coronarius). Tall, hardy and vigorous. Blooms in May, in graceful sprays of large, white, fragrant flowers. Grows 8 to 10 ft. tall. 2-yr., 18-24 in. shrubs, 40c each; 3 for \$1.10. 4-5 ft. shrubs, 75c each; 3 for \$2.10.

WEIGELA ROSEA. Beautiful pink, trumpet-shaped flowers, May to June. Grows 5 to 6 feet tall. A good shrub; good flowers, good foliage, easy to grow.

ROSE-ACACIA (Moss Locust). Elegant shrub, with light green pinnate leaves, and long, graceful clusters of pea-shaped, rose colored flowers in June and often later. An attractive addition to any planting. 4 to 5 feet at maturity.

SPIREA VAN HOUTTEI. The flowers are pure white, and borne in dense clusters along the whole length of the branches. Excellent as a hedge plant or for grouping. Well branched. 2-yr., 18-24 inch bushes, 20c each; 6 for \$1.00; 12 for \$1.85; 50 for \$6.75. Heavy, 2-3 ft. bushes, 30c each; 6 for \$1.60; 12 for \$3.00; 50 for \$10.00.

DEUTZIA CRENATA

Here is a Deutzia that is different, and one which should be included in every planting. Beautiful, double pink flowers thickly stud the graceful upright branches in May. Matured to 3 to 5 feet.

SPIREA CALLOSA ROSEA

A dwarf variety, growing 24 to 30 inches high, which produces large flat clusters of reddish pink flowers nearly all summer. Very handsome foliage. If flowers are removed as they fade, it will cause the plant to keep up a continuous bloom throughout the entire summer and early fall.

SPIREA FROEBELI

This Spirea is somewhat similar to the Callosa Rosea offered above, except the flowers are slightly deeper in color—large heads of crimson blooms. Beautiful green foliage, occasionally variegated with creamy white. Whereas the above variety is dwarf in growth, the Froebeli attains a height of about four foot at maturity.

RED JAPAN QUINCE

Very early in the spring, this fine, attractive shrub is completely covered with dazzling orange to scarlet flowers, followed by small, fragrant, quince-shaped fruits. Foliage dark, glossy green. Very desirable for single specimens; also hedges. Grows 5 to 7 feet tall.

WEIGELA HENDERSONI

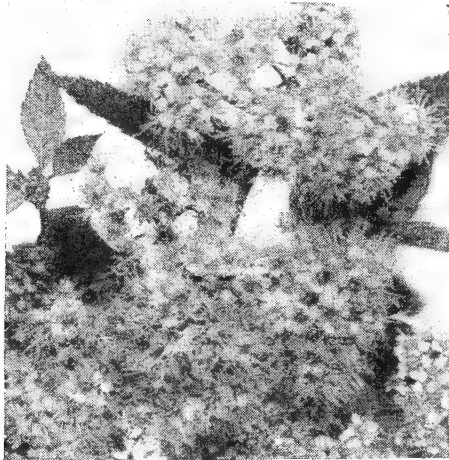

Beautiful, rosy-carmine, trumpet-shaped flowers in May and June. Grows about 4-5 ft. tall. Healthy foliage, easy to grow.

TAMARIX AFRICANA

Tall shrub, 8 to 10 feet high, with fine leathery foliage and small, bright pink flowers, in slender racemes in April and May. Splendid for planting in damp or other places.

Deutzia Crenata

Spirea Callosa Rosea

GOLDEN PEACOCK SHRUB (*Cytisus scoparius*). A rare shrub which is classed as an evergreen shrub. The entire shrub is covered with a profusion of lemon-yellow, pea-shaped, sweetly scented flowers in May. Has tiny leaves that shed during the winter, but the branches remain a greenish color the year round.

50c Any Shrub
on this page
3 for \$1.35

WEIGELA FLORIBUNDA

A beautiful, comparatively new shrub, with large, showy red flowers appearing in profuse clusters and almost hiding the glossy green leaves. Commences blooming early in spring, and continues all summer. This attractive shrub should be in every border planting. Grows 4 to 5 ft. tall.

HIGH BUSH CRANBERRY (Viburnum Opulus).

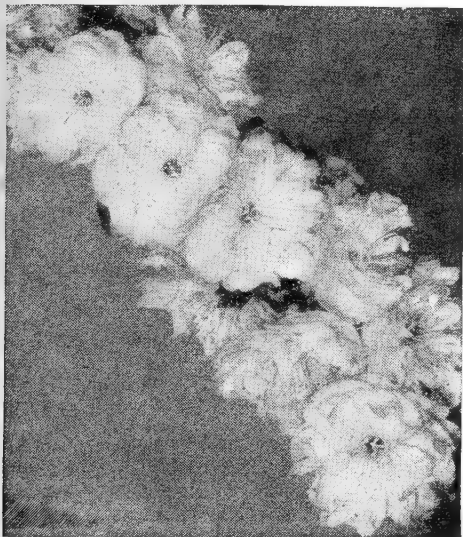

Magnificent shrub, of upright spreading form, with smooth, light gray branches and broad, oval, 3-lobed, bright green leaves. Produces small, white flowers which are borne in broad, flat clusters surrounded by a ring of large, sterile flowers. These are followed by very showy scarlet berries, which cling to the bush all winter. Grows 8 to 10 feet tall.

HYDRANGEA P. G.

Use this variety for showy bloom and elegant effect. This lovely, showy shrub produces in abundance during August and September, clusters of white flowers which gradually change to pink. Valuable for winter decorations if flowers are allowed to dry on bush. Useful for foundation planting or for massing in borders. Hardy, easy to grow and blooms the first season planted.

LILAC, PERSIAN PURPLE

A decided improvement over the common Lilac. A shrub with slender, arching branches, attaining a height of 8 to 10 feet. The foliage is small, the flowers bright purple. Blooms in May and June. A much more profuse bloomer than the common, and does not sprout so much from the roots. We consider the Persian much preferable.

Flowering Almond

Your choice of varieties listed on this page—all 2-year, field-grown bushes—will bloom this year.

\$3.85

Net, not prepaid

AMI QUINARD. A variety which is here to stay, beats all others; best near-black Rose in our estimation. Deep velvety crimson, fragrant and very lasting. A vigorous shrubby plant, with almost single flowers of deep blackish scarlet.

BETTY UPRICHARD. One of those delightfully contrastive types; the outside a blend of deep toned carmine with coppery orange; the interior being mostly a delicate salmon-pink.

BRIARCLIFF. A bright, clear shade of rose-pink. A high pointed center with exceptionally perfect flowers, sweetly scented. A vigorous, hardy grower. Dark, rich foliage, resistant to mildew.

CALEDONIA. Exquisite long buds of ivory-white, changing to purest white as the flowers open into large double blooms of soft velvety texture. The best white. Continuous free bloomer.

EDITOR MCFARLAND. The perfectly formed flowers are clear, brilliant, unfading pink, and as a cut flower it retains its form and lasts longer than any other Rose we know. A winner of many awards. The growth is vigorous, the foliage healthy, and it blooms all the time, early summer to frost.

ETOILE DE HOLLANDE. Large, velvety crimson flowers produced in great profusion throughout the summer. Deliciously perfumed. Vigorous, upright grower.

GRUSS AN TEPLITZ. Bright scarlet, shading to velvety crimson; fragrant; free flowering. Strong grower.

K. A. VICTORIA. Another good popular white Rose. Large, double, very fragrant flowers borne on long stiff stems.

GOLDEN DAWN. An ideal yellow garden Rose. The ovoid, lemon-yellow bud is heavily splashed with crimson before opening and develops into a well-formed, sweetly scented, large, double, sunflower-yellow that reminds one of the old favorite, Marechal Niel.

LADY HILLINGDON. Well formed flowers of apricot-yellow. Good, strong, rugged grower.

The ACKERMAN NURSERIES

ROSES

Mrs. P. S.
Dupont

CHAS. K. DOUGLAS. A very fine English Rose of vigorous, upright growth. Flowers are large, semi-double, brilliant light crimson with scarlet undertone; very fragrant and produced in great numbers throughout the season.

CONDESA DE SASTAGO. It is the first fully double variety to carry the vivid color of coppery red and yellow. Very hardy, vigorous, healthy growth. Has rich raspberry perfume. Keeps well when cut for indoor enjoyment. Winner of many medals.

E. G. HILL. Beautiful long bud of perfect form and full, double, high-centered flower of dazzling scarlet shading to a deeper red as it develops. Strong, vigorous, free flowering habit.

FRAU KARL DRUSCHKI (Perpetual Hybrid). This is the ideal hardy white Rose; pure in color, perfect in form, strong grower and remarkably free flowering.

GRENOBLE. Glowing scarlet-crimson. The plant is very vigorous and the blooms come on unusually long stems, making it one of the best garden Roses for cutting. Easily one of the best reds.

LUXEMBURG. An old variety, but one of the finest very bright yellow. Profuse bloomer, and a strong grower.

MRS. P. S. DUPONT. This Gold Medal winner has a medium-sized long-pointed bud of a reddish gold, opening to a semi-double, cupped, very lasting, fragrant flower of a deep golden yellow. The plant is strong and vigorous.

OPHELIA. Gorgeous blooms of golden-yellow. Fragrant and very free-flowing. Very popular.

PAUL NEYRON (Hybrid Perpetual). Largest Rose in cultivation. Color bright cerise-red, very fragrant. June until late October. Flowers full and double.

TALISMAN. Its brilliant orange-red buds open to large, fragrant, high-pointed blooms of glowing golden yellow stained with copper-red and orange-rose on inside of petals. As the petals unfold, they become bright apricot-gold, deep rose-pink or old rose, and unlike most Roses, the color becomes brighter as the flowers develop. Plants are vigorous, healthy and hardy flowers.

PRICE, 10 VARIETIES ABOVE: 70c each; 3 for \$1.95; 6 for \$3.60.

GOLDEN CHARM. Buds are long and open into beautiful, richly scented blooms of a delightful golden color. Sturdy in growth and very hardy. Profuse bloomer.

POINSETTIA. A rose of true poinsettia color; indeed one of the most brilliant red Roses ever produced. The buds

are ideal in form, long and pointed, which open to a full petaled Rose. Bush is sturdy and hardy and a good grower. This Rose was awarded a Certificate of Merit by the American Rose Society.

ROUGE MALLERIN. The pointed buds of brilliant red open to 3 1/2-inch blooms of glowing scarlet, the deep pile on the petals making them look like rich scarlet velvet. Rich old Damask perfume.

SOEUR THERESE (Sister Therese). Long, pointed buds are chrome-yellow, heavily marked with carmine; the open flower is rich daffodil-yellow and holds its color well. Sweetbriar fra-

grance. Blooms freely on splendid cutting stems. 20 to 25 petals.

PRICE, 4 VARIETIES ABOVE: 80c each; 3 for \$2.25; 6 for \$4.20.

Climbing Roses

BLAZE (U. S. Plant Patent No. 10.) This hardy scarlet climber is a cross between Paul's Scarlet and Gruss an Teplitz. Blaze is seldom out of bloom. In the middle of August the bushes are covered with vivid scarlet flowers. **Strong, 2-year field-grown bushes, 90c each; 3 for \$2.50. Net, no discount allowed.**

PAUL'S SCARLET. The flowers, a vivid scarlet, are of good size, semi-double, very freely produced in clusters, on much branched canes. Blooms very long, holding flowers after many June bloomers have dropped their petals. **Strong 2-year, field-grown bushes, 60c each; 3 for \$1.65.**

MME. GREGOIRE STAECHLIN (Spanish Beauty). Charming climber. Long-pointed buds flashing carmine opening into flowers of delicate pink. Long stems for cutting. Foliage disease resistant. **Strong, 2-year, field-grown bushes, 60c each; 3 for \$1.65.**

CLIMBING TALISMAN. No doubt the bush Talisman has attained the greatest popularity of any Hybrid Tea, and now this amazingly beautiful rose comes as a climber. Beautiful two-toned shades of yellow and red. **Strong, 2-year field-grown bushes, 60c each; 3 for \$1.65.**

Paul's Scarlet

Roses as to Color

10 Everblooming Hybrid Tea Roses for \$4.25

Imagine getting fine, heavy, two-year, field-grown Hybrid Tea Roses at this price! These are the two-year-old budded stock you would get when ordering by variety—you order by color only. This plan saves money for you. You simply choose by color instead of by variety. A fine assortment at a bargain. We often have a surplus of certain varieties; therefore, this plan to avoid waste. A big saving if you are not interested in named varieties.

Order by color only. We offer: Red, Yellow, Pink, Two-Toned, and White.

Price: Each, 50c; 4 or \$1.80; 10 for \$4.25. Net, no further discount.

Everblooming Baby Polyanthas

These are especially fine for solid beds and for borders. Ideal for cemetery planting because they are so easy to grow and bloom so freely. Constantly in bloom from early summer until freezing. Very hardy, growing everywhere and requiring very little care.

GLORIA MUNDI. Huge clusters of brilliant orange-scarlet. Grows 18 inches.

IDEAL. Heavy clusters of deep red blooms. 24 inches.

ORLEANS. Dwarf variety with double blooms of rich pink.

KATHARINE ZEIMET. White, sweetly scented. 24 inches.

PRICES: Any of above 4 varieties: 65c each; 3 for \$1.80.

RED BARBERRY. Similar to Green Barberry in all respects except color—is a brilliant red. Early spring, assumes a deep, bronzy red color, which it retains until fall, when it changes to vivid orange, scarlet and red shades, far more brilliant than the ordinary Japanese Barberry. Price: 1-yr., 6-9 in., 6 for 90c; 12 for \$1.45; 25 for \$2.50; 50 for \$4.50; 100 for \$8.00. 2-yr., transplanted 12-18 in., 45c each; 3 for \$1.25; 10 for \$3.00.

CHINESE ELM. Chinese Elm makes one of the finest of hedges. Especially desirable for states of light rainfall and where extreme hardiness is required. The hedge, limbs clear to the ground, is a bright rich green from very early in the spring, as it is much earlier than other hedges and carries the foliage, which colors with frost, way into the fall. Trim same as

Privet or other similar hedges. 2-yr., 2-3 ft., 6 for 60c; 12 for \$1.10; 25 for \$2.00; 50 for \$3.65; 100 for \$6.00.

AMOOR RIVER NORTH PRIVET. One of the best hedge plants because of its extreme hardiness. It is of similar form and habit to the well-known California type, but much hardier. Of fine, upright growth with lustrous dark green foliage, nearly evergreen. Grows quickly, making a hedge the first year, and succeeds in practically all soils. Especially valuable for hedges and borders in cold, exposed locations. When planting, cut back to 4 inches above ground to make hedge bushy at bottom. 2-yr., 12-15 in., 6 for 75c; 12 for \$1.25; 25 for \$2.25; 50 for \$3.85; 100 for \$6.50. 18-24 in., 6 for \$1.00; 12 for \$1.90; 25 for \$3.60; 50 for \$6.25; 100 for \$10.00.

SPECIAL! 20 1-yr., 6-9 in., well rooted, field-grown Amoor River Privet, for \$1.00. Net, no discount.

RUSSIAN MULBERRY. Hardy in all States—never Winter-kills. Superior to other kinds, as it makes a dense hedge from the ground up. Unlike most other hedging varieties as to growth and shape of leaves; very attractive foliage, making an outstanding and beautiful hedge, altogether different than old common varieties. Cannot be surpassed for tall hedges to hide unsightly views, or can be pruned to any height desired. 2-yr., 18-24 in., 12 for \$1.45; 25 for \$2.50; 50 for \$4.50; 100 for \$8.00.

American Wonder Lemon

AMERICAN WONDER LEMON. Grows Lemon Indoors on Small Plants. Sometimes offered as Ponderosa Lemon. The most unique plants ever offered for indoor culture. Covered with waxy white flowers several times each year, nearly as large as Tuberoses and as fragrant as Orange Blossoms. Flowers are followed by large lemons of high quality. Fruit often weighs more than a pound. Strong plants from 2 1/4-inch pots, 55c each; 2 for \$1.00. 4-inch Pots, \$1.50 each; 2 for \$2.75. Net, no further discount.

New Dwarf Orange

NEW DWARF ORANGE. (Otaheite Orange). A grand pot plant of great beauty and novelty. Its glossy green leaves, fragrant waxy white, faintly tinted with pink, blossoms create a most pleasing sight. Although it attains a height of 3 to 4 feet, it is not uncommon to have 6-inch plants full of bloom and producing a few oranges. Fruit is about one-fourth the size of an ordinary orange. A 5-inch pot has been known to carry 10 to 12 oranges at one time. Strong plants from 2 1/4-inch pots, 55c each; 2 for \$1.00. 4-inch pots, \$1.50 each; 2 for \$2.75. Net, no further discount.

The Rose Gardenia

THE ROSE GARDENIA (*Gardenia Veitchi*). The Gardenia is the most popular and fashionable flower—the flower of romance! It makes a grand house plant. Blooms from early spring until fall. Flowers are waxy white; foliage rich glaucous green. Plants prefer living room temperatures. Culture same as geraniums. Price: Strong plants, from 2 1/4 inch pots: 65c each; 2 for \$1.20. Net, no further discount.

EVERGREENS

Biota Aurea Nana. A very compact, slow-growing type. The flattened leaf-clusters face outward edgewise. Fresh yellow-green in color. Balled in peat and burlapped, 24-30 in. XXX trees, \$2.85 each; 2 for \$5.50. 12-15 in. XX trees, \$1.75 each; 2 for \$3.00. Baby size, 8-10 in. 60c each; 2 for \$1.00.

Biota Aurea Compacta. A dwarf form of the Aurea Nana. Slow compact grower; maximum height 4 feet. Balled in peat and burlapped, 18-24 in. XX trees, \$2.75 each; 2 for \$5.25. No baby size in this variety.

Biota Bakerii. Soft green foliage, broad, pyramidal growth. Maximum height 12 feet. Balled in peat and burlapped, 3-4 ft. XXX trees, \$2.75 each; 2 for \$5.25. 15-18 in., XX, \$1.65 each; 2 for \$3.00. Baby size, 8-10 in., 60c each; 2 for \$1.00.

Woodward Arbor-Vitae. Most popular globe, retaining shape without trimming. Seldom attains a height of more than 3 feet. Foliage is dense, and of deep sea-green shade. Balled in peat and burlapped, 15-18 in. XX trees, \$1.75 each; 2 for \$3.25. 12-15 XX, \$1.25 each; 2 for \$2.25. Baby size, 6-8 in., 45c each; 2 for 80c.

Spiny Greek Juniper. (*Juniperus Excelsa Stricta*). This beautiful variety forms a tall, beautiful tree; broad base, gradually tapering to a tall, dense conical head. Color is a fine glaucous blue. Balled in peat and burlapped, 18-24 in. \$1.85 each; 2 for \$3.50. 12-15 in., XX, \$1.00 each; 2 for \$1.75. Baby size, 50c each; 2 for 90c.

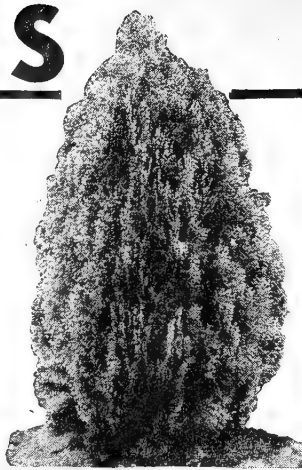

Silver Glow Juniper. This variety is considered to be one of the best types of scopulorum introduced. It is a compact, narrow pyramid of very light silvery-blue color, maintaining a compact growth from the time it is very small until it is mature its growth. Is very hardy and does not burn during hot weather. Balled in peat and burlapped, 18-24 in. XX trees, \$1.85 each; 2 for \$3.50. No baby size in this variety.

Columnar Juniper. Erect and slender, formal and columnar in form. Light bluish green color, rapid growers and hardy. Tall grower. Balled in peat and burlapped, 30-36 in. XXX trees, \$2.75 each; 2 for \$5.25. 12-18 in. XX \$1.00 each; 2 for \$1.75. Baby size, 8-12 in., 50c each; 2 for 90c.

Colorado Blue Spruce. The popular Blue Spruce; one of the showiest and most impressive Evergreens. Green during dormant season; blue when new growth starts. Very hardy. Balled in peat and burlapped, 18-24 in. XX, selected specimens, only \$4.75 each; 2 for \$9.00. 9-12 in. XX, \$1.00 each; 2 for \$1.50. Baby size, 6-8 in., 50c each.

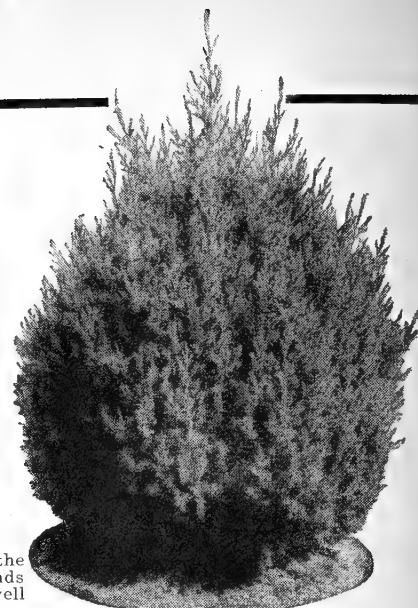

Hick's Upright Yew. (*Taxus media Hicksi*). This is a columnar form with branches ascending almost vertically. The growing habit varies a great deal with the method of trimming. It may be grown into an extremely narrow cigar shape or allowed to develop into broader specimens. It makes a good tree for narrow hedges. Tree is clothed with rich, waxy, green foliage characteristic of all Yews. Balled in peat and burlapped, 18-24 in. XX trees, \$2.95 each; 2 for \$5.75. Baby size, 6-8 in., 60c each; 2 for \$1.00.

Spreading Yew. (*Taxus Cuspidata*). Spreading variety. Habit of growth similar to Pfitzer Juniper. Foliage is a shade of dark green different from other evergreens—rich, waxy, green foliage. May be sheared for a low hedge, allowed to throw out its graceful wands for informal corner planting, or kept trimmed back into close compact shape. Numerous red berries

Biota Aurea Nana

form and hang close to the branches all winter. Withstands heat and cold and will also do well in shade. Balled in peat and burlapped, 18-24 in. XX trees, \$3.50 each; 2 for \$6.50. Baby size, 6-8 in., 60c each; 2 for \$1.00.

Spiny Greek Juniper

Andorra Juniper. A prostrate creeping type very valuable for planting in areas where height is a controlling factor. Silvery green foliage in the spring and summer, turning at the first touch of frost to a beautiful mauve-pink. Very hardy. 15-18 in. XX trees, \$1.75 each; 2 for \$3.00. No baby size in this variety.

Biota Excelsa. A Chinese type similar to Bakerii. Much hardier; a fast grower, darker in color, and a little wider at the bottom. Balled in peat and burlapped, 24-30 in. XXX trees, \$2.25 each; 2 for \$4.00. No baby size in this variety.

Silver Lace Vine

CLIMBING VINES

CLEMATIS JACKMANI. Immense flowers of an intense violet-purple color continuously throughout the summer. Strong, 2-year vines, 85c each; 3 for \$2.40.

CLEMATIS RAMONA. Large flowers of lavender-blue throughout the summer and autumn. Flowers are well dispersed on the plants, which reach a height of 10 to 12 feet. As with all Clematis, make certain that the collar of the plant is set 2 to 3 inches below the surface of the soil. 2-yr. vines, only 85c each; 3 for \$2.40.

CLEMATIS MME. EDOUARD ANDRE. These beautiful large-flowering Clematis will attract attention anywhere—beautiful velvety red flowers, often 4 to 6 inch blooms. Strong, 2-yr. vines, 85c each; 3 for \$2.40.

BOSTON IVY. One of the finest hardy climbers for covering walls and trunks of trees, as it clings firmly to any surface. Deep green in summer, bright red in autumn. 2-year vines, 50c each; 3 for \$1.25.

HALL'S JAPAN HONEYSUCKLE. Strong, vigorous vine, with pure white flowers changing to yellow. Fragrant blooms all summer. 2-year vines, 35c each; 3 for 90c.

SILVER LACE VINE.

Unusually charming. Climbs gracefully anywhere. Grows very rapidly, averaging 25 feet in a season. A well grown specimen is a cloud of lacy, misty white shot with tints of cream and pale rose, of exquisite effect. Blooms late summer and fall. Strong, 2-yr. vines, 55c each; 3 for \$1.50.

Kudzu Vine

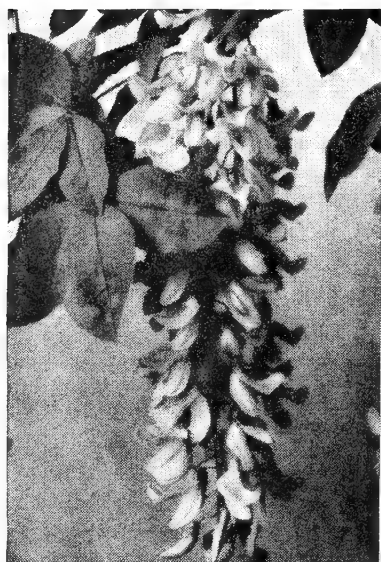

Hall's Japan Honeysuckle

AMERICAN BITTER-SWEET.

Handsome, glossy foliage, and large clusters of beautiful, orange-crimson berries, remaining all winter. Charming for winter house decorations. 2-year vines, 45c each; 3 for \$1.20.

CHINESE PURPLE WISTERIA.

Elegant and very rapid growing. Has long, pendulous clusters of pale blue flowers in May and June, and in autumn. 2-year, choice specimens, from blooming wood, 65c each; 3 for \$1.80.

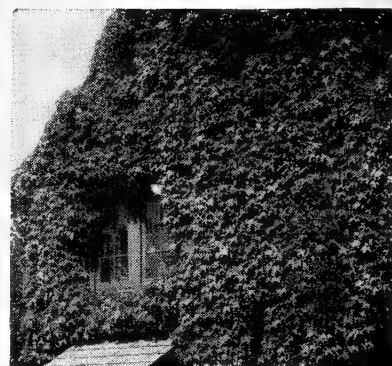

Purple Wisteria

Bleeding Heart

Primrose

Pacific Hybrid Delphinium

BLEEDING HEART. Hardy old favorite with heart-shaped, rose-colored flowers in drooping spikes. **Strong, field-grown plants, with 3 to 5 eyes, 65c each; 3 for \$1.80.**

CANTERBURY BELLS. Plants attain 2½ feet in height, profusely covered with large, bell-shaped double flowers. Bloom May to July. Beautiful array of color, ranging from white, pink, rose through all shades of blue and purple. No color guaranteed, for we furnish these in mixed only. **Strong, field-grown plants, 35c each; 3 for \$1.00; 6 for \$1.65.**

HARDY PRIMROSE (Primula Veris). These little beauties grow anywhere. Most colorful of our early spring flowering plants, succeeding best in dampness and shade. Flower in May, about 8 inches tall. Includes various shades of lilac, purple, violet, buff, orange, salmon and rich reds. No color guaranteed. **Field-grown plants, 50c each; 3 for \$1.35.**

AQUILEGIA. Long - Spurred, Scott - Elliott Hybrids. One of the best perennials. Dainty, showy and desirable as cut flowers. Bloom in June and July. Prefer partial shade. A fine mixture of all shades. **Strong, field-grown plants, 40c each; 3 for \$1.00.**

DELPHINIUM, Pacific Hybrids. Giant stalks 4 to 6 feet tall, bearing enormous flower spikes. Individual blooms are double to semi-double; exceptionally large, often measuring 2 inches across. Delightful shades of blues, lavenders, and mixed colors. Free blooming and hardy. No color guaranteed. **Strong field-grown plants, 45c each; 3 for \$1.20; 10 for \$3.50.**

RUSSELL LUPINES. Tall spikes of bloom, often 3½ feet high, from June to September. Flower spikes resemble a closely set, well rounded column of sweet peas. A vast range of color. A most superior strain. **Field-grown plants, 50c each; 3 for \$1.35; 6 for \$2.40.**

DBL. RUSSIAN VIOLETS. Perfectly hardy anywhere. Produces an abundance of double, sweet-scented flowers. A splendid variety for that shady place. **Strong plants, 50c each; 3 for \$1.35; 6 for \$2.40.**

SCABIOSA CAUCASICA (Blue Bonnet). Lovely, lavender flowers on 18 to 24 inch stems from June to September. Hardy. Excellent for cut flowers. Strong, field-grown plants, 40c each; 3 for \$1.00; 6 for \$1.85.

BLUE FLAX (*Linum Perenne*). Delightful heavenly-blue flowers are produced all summer long, May through August. Attractive, graceful foliage of a bluish hue. Ideal for borders and rock gardens. Hardy. Field-grown plants, 40c each; 3 for \$1.00; 6 for \$1.80.

SHASTA DAISIES. We are offering two varieties this year; namely, White Goddess and White Swan. Both two excellent varieties.

DOUBLE WHITE SWAN. Pure white, double flowers on strong wiry stems 24 to 30 inches in length, in bloom for Memorial Day. Profuse bloomer. Field-grown plants, 50c each; 3 for \$1.45.

WHITE GODDESS. Exceedingly large in size, with double-rows of pure white petals, with large yellow center. Their wiry stems are about 12 to 18 inches tall. Bloom the fore part of August. Field-grown plants, 50c each; 3 for \$1.45.

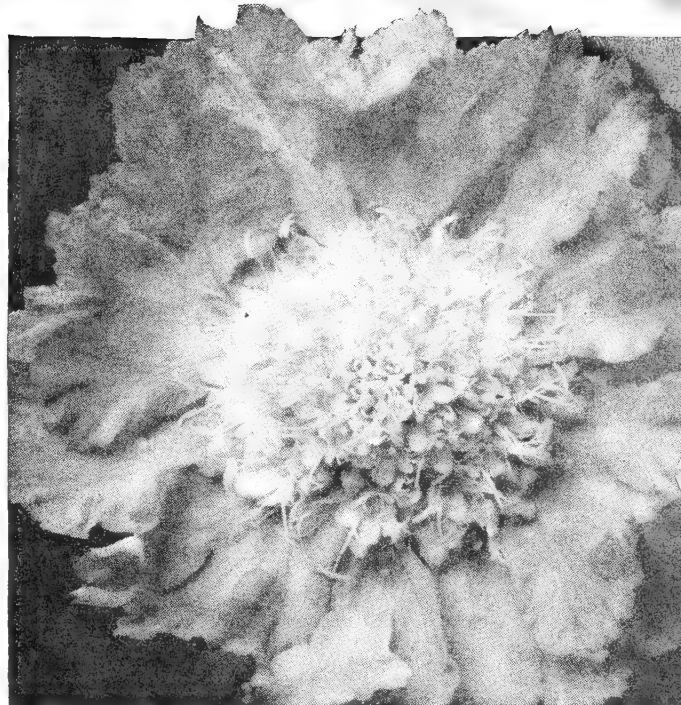

SHILKA IRIS. The Everblooming Poor Man's Orchid. Blooms are oddly shaped; many come double. Lovely delicate hues of superb blue and purple, mingled with cream and white. Extremely hardy and blooms from late June on into July for about a month. Field-grown plants, 30c each; 3 for 75c.

TROLLIUS (Globe Flower). A beautiful globe-shaped flower, which varies yellow or orange in color, with stamens of a still richer and deeper tone. Produce flowers in great masses. This delightful globular bloom is often 2 inches or more across; 1 to 2 feet tall. Blooms May-August. Plant 8 inches apart. Prefers moisture and shade. Price: 50c each; 3 for \$1.35.

BLUE PLATYCODON (Balloon Flower). Large, deep blue, bell-shaped or broadly cup-shaped flowers, growing 1½ to 2 feet tall. Handsome dark green foliage. Very hardy. Will do well in both sun and shade, and will grow on any well drained soil. Blooms July and August. Field-grown plants, 40c each; 3 for \$1.00; 6 for \$1.85.

VERONICA. One of the handsomest blue-flowering plants. Its 2-foot spikes are completely covered with beautiful blue flowers. Blooms July to September. Hardy, increased in strength and beauty each year. Excellent for cutting and perennial border. Field-grown plants, 45c each; 3 for \$1.20.

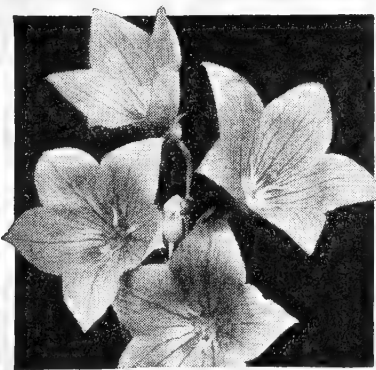

RED HOT POKER (*Tritoma Pfitzeri*). Flaming scarlet flowers, the opened lower petals rimmed with orange. Grow 18 to 24 inches tall. Bloom August to October. Field-grown plants, 40c each; 3 for \$1.00; 6 for \$1.85.

HARDY PHLOX

We have selected the 10 best varieties out of the hundreds grown today—plus the Creeping Phlox, the cream of all Phlox. All strong field-grown plants, which will bloom this summer. Price: All varieties, 40c each; 3 for \$1.00. Net, no discount.

Chieftain. Dark red. Flowers large and striking.

Daily Sketch. Extra early, bright pink. Large flower heads.

July Glow. A new fiery red. Excellent flower heads.

Mia Ruys. New variety. Large white flowers. A late bloomer, dwarf grower.

Prime Minister. White, with red eye.

Pinkette. Exotic New Phlox. Creamy pink with iridescent glow. Florets large, well-shaped; beautiful symmetrical heads. Foliage strong and upright.

Royal Purple. A very rich purple, deep at the edges, shading to violet in center of petals, then deep reddish purple at eye. An early bloomer.

Salmon Glow. Here is a shade of deep rich salmon-pink with a deep carmine eye. Heads well filled, and stately. Foliage is healthy and strong.

Star Light. Very new! A delightful orchid, with light eye—almost a blue. Large florets make up the beautiful symmetrical heads. Healthy foliage.

Von Hochberg. One of the best. Large size, deep velvety scarlet blooms borne on good, healthy stalks.

\$1.95

Phlox Subulata Rosea

(Creeping Phlox.) Makes a beautiful blanket of pink during April and May. Foliage evergreen and mossy. Grows 4 to 6 inches high. The perennial you have been looking for to cover a bank or terrace, as well as an early flowering border plant. Price: 40c each; 3 for \$1.00. Net, no discount.

Cushion Chrysanthemums

These beautiful, showy "Mums" are among the most sensational of all the Hardy Mum introductions. These make a rounded, compact bush of immense size, producing hundreds of flowers at one time, and bloom continuously from August to Thanksgiving. Hardy and easy to grow.

DEAN KAY. Might well be called Summer-Flowering Mum for it starts in blooming in July and continues until frost. It is one of the newest varieties in Cushion "Mums." Flowers are large, semi-double, rose-pink, and are produced in immense quantities. Strong, field-grown plants, 50c each; 3 for \$1.35.

LITTLE BOB The New Dwarf Chrysanthemum

A charming low-growing Chrysanthemum from England. The plant spreads to about 24 inches in diameter and develops into a perfectly symmetrical mound. Early in the fall the plant is completely covered with hundreds of small mahogany-bronze double button-like flowers, which are borne on short stiff wirelike stems. We know you will like this new introduction.

Strong, field-grown plants, 60c each; 3 for \$1.65.

We also offer an assortment of unnamed Cushion Mum varieties in BRONZE, PINK, RED and YELLOW. Specify color wanted. Strong, field-grown plants, 40c each; 3 for \$1.10; 6 for \$1.80.

Giant DAHLIAS

JERSEY'S BEAUTY. The most popular pink. 40c each; 4 for \$1.35.

MRS. I. DE VER WARNER. Beautiful 6-inch fluff of orchid-lavender. 25c each; 4 for 80c.

LAURA MORRIS. Clear, pure, beautiful yellow. 35c each; 4 for \$1.20.

MARGARET WOODROW WILSON. Beautiful blooms of creamy white, suffused with pink. 35c each; 4 for \$1.20.

JANE COWL. 8-inch flowers; shades of orange, salmon, rosy pink and yellow, blending in most delightful fashion. 35c each; 4 for \$1.20.

DAKOTA. Rich flame color. 35c each; 4 for \$1.20.

KAISER BEAUTY. Deep scarlet; very rigid stems. 40c each; 4 for \$1.35.

VON HOGAN. Bright orange suffused with red. 40c each; 4 for \$1.20.

MY COUNTRY. Deep red, petals edged with clear white. 45c each; 3 for \$1.20.

PRES. ROOSEVELT. A late blooming, bright red. 45c each; 3 for \$1.20.

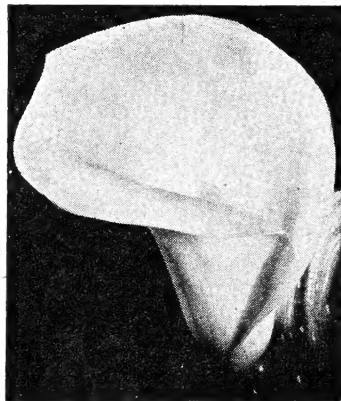

REGAL LILY

Tall spikes of white flowers, slightly suffused with pink, with a beautiful glow of canary-yellow at center. Starts blooming end of June. Blooming size bulbs, 35c each; 3 for 90c; 12 for \$3.00.

Summer Flowering Hyacinths

(Galtonia-Hyacinthus Candicans). Plant in Spring—Bloom All Summer. A pure white, summer flowering Hyacinth. 20 to 30 bell-shaped flowers on huge 3- to 5-ft. stems. Plant in small groups or here and there in perennial beds. They bloom freely and will grow in all kinds of soil. Plant 4 inches deep. Culture same as Gladioli. Price: Blooming size bulbs, 3 for 20c; 6 for 35c; 12 for 60c; 25 for \$1.00.

CALLA LILY

PINK CALLA. One of the most exquisite flowering plants. Will grow and bloom freely in pots. Beautiful bright pink; sweet scented. Blooming size bulbs, 85c each; 3 for \$2.40.

YELLOW CALLA. Beautiful pure golden yellow flowers, 4 to 5 inches broad. Leaves attractively marked with white spots. Blooming size bulbs, 40c each; 3 for \$1.00.

WHITE CALLA. The white Calla is truly one of the loveliest garden bulbs. Leaves are mottled green and white. Blooming size bulbs, 40c each; 3 for \$1.00.

BEGONIAS

(Tuberous-rooted, Dbl. Camelia—Flowering type). No flower grown can equal these for sheer exquisite beauty. They are widely used for pot plants for winter blooming and also for summer beds outdoors. These come in many shades and colors, but no particular color can be guaranteed. Grow 8 to 12 inches tall. When grown outside, take up before cold weather. Price: 30c ea.; 5 for \$1.25; 10 for \$2.00.

RANUNCULUS

(Large-Flowered Hybrids). A very popular cut-flower. This is by far the largest and finest strain of Large-Flowered Hybrids. The flowers are double with a blending of semi-double and single blooms. Blooms often measure 2 inches across, and range in color through all shades of red, rose, salmon, orange, yellow, etc. Culture is identical with that of the Gladiolus bulb. Can be planted outside after the ground thaws, or grown indoors in pots. No particular color guaranteed. Price: Blooming size bulbs, 6 for 45c; 12 for 80c; 25 for \$1.50.

SHAMROCK

Brilliant pink flowers on 8- to 10-inch stems from early spring until frost. Rich green Shamrock foliage, which is shaded maroon in the center; usually has 4 leaves like the lucky-clover. Plant about 5 inches deep after ground warms up and take them up in the fall after frost has killed the tops. Excellent for borders, bedding, rockeries, etc. Price: 20 for 40c; 50 for 85c; 100 for \$1.50.

Hardy Magnolia

MAGNOLIA SOULANGEANA. This is the most decorative and popular of the hardy Magnolias, producing very large, rose-colored blooms, often measuring from 3 to 5 inches across, just before leaves appear in the spring. Matures to a height of 8 to 10 feet. Fine, 2-3 ft., \$2.95 each; 2 for \$5.50.

MAGNOLIA TRIPETALA. Immense leaves, usually 12 to 24 inches long, and from 7 to 10 inches wide. Leaves grow in clusters about the large white flowers and rose-colored fruit cones. Matures to a height of 30 to 40 feet. 2-yr., 4 to 5 ft. trees, \$1.50 each; 2 for \$2.75.

MAGNOLIA LILIFLORA. Tulip-shaped, large, purplish pink flowers before leaves appear in the spring. Very hardy. Leaves are large and glossy. This shrub-like tree produces many stems from the ground and makes a large bush. Fine, 2-3 ft. stock, \$2.50 each; 2 for \$4.50.

NUT TREES

AMERICAN FILBERT (Hazel Nut). The family favorite, having attractive bush, yielding abundant crops of tasty round nuts, which are tender and of fine flavor. 2-yr., 18-24 inch trees, 50c each; 3 for \$1.35. 2-3 ft. trees, 80c each; 3 for \$2.25; 10 for \$5.00.

HARDY PECANS. Of all the varieties of the luscious and valuable nut family, the Pecan stands at the head of the list. Hardy and strong grower; nuts of good size and well filled. Fine, 2-3 ft. trees, \$1.25 each; 3 for \$3.50.

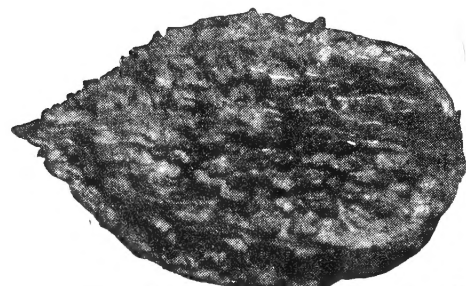

BLACK WALNUT. The common Black Walnut is very productive in nuts which are liked by many. A valuable tree for its lumber. 2-yr., 2-3 ft. trees, 35c each; 3 for 90c; 10 for \$2.50.

ENGLISH WALNUT. Tree valuable for its fruit and shade. The nuts are thin-shelled with full-meated kernels of delicious flavor. Tree is hardy and productive. 2-yr., 2-3 ft. trees, \$2.00 each; 2 for \$3.75.

BUTTERNUT. Native tree, producing long large nut. Has a sweet, oily nutritious kernel. 2-yr., 2-3 ft. trees, 35c each; 3 for 90c; 10 for \$2.50.

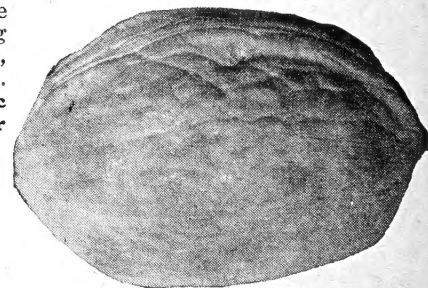

CHINESE CHESTNUT. Distinct from other chestnuts; dwarf grower, productive usually when two or three years old. Nuts of immense size, larger than American Chestnut, and equally sweet and good. Fine, 2-3 ft. trees, \$2.25 each; 2 for \$4.25; 3-4 ft. trees, \$2.95 each; 2 for \$5.25.

Hardy Pecans

American Filberts

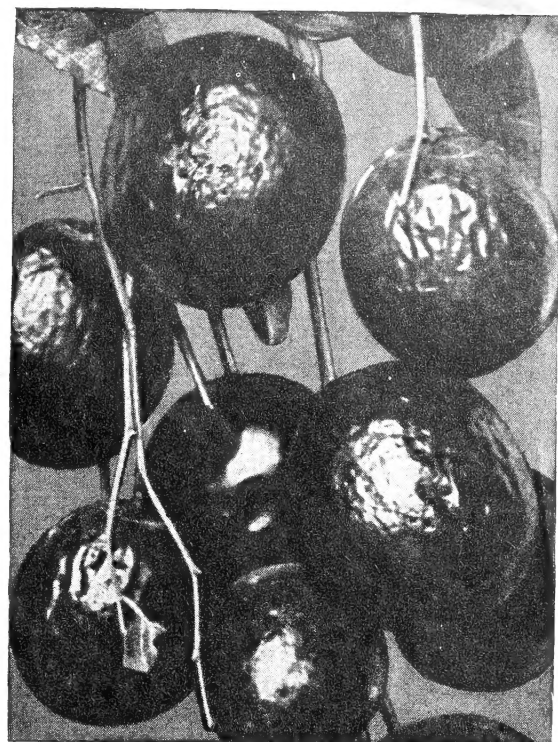

Black Walnut

Hardy Chinese Dates—

(Jujube). This variety of Hardy Chinese Date is a fruit from the high interior of China. It is quite hardy, the United States Department of Agriculture bulletins reporting that it has withstood temperatures of 22 degrees below zero without injury. It is adapted to a wide range of territory and all kinds of soil.

It blooms very late in the spring, after all danger of frost is past. The tree is a heavy and constant bearer and commences to bear at an early age, four-year-old trees having produced 150 pounds of fruit. The chocolate-colored fruit is one to two inches long. It is delicious when eaten fresh or cured like dates, and is excellent for preserves, jams and for most tasty and palatable confections.

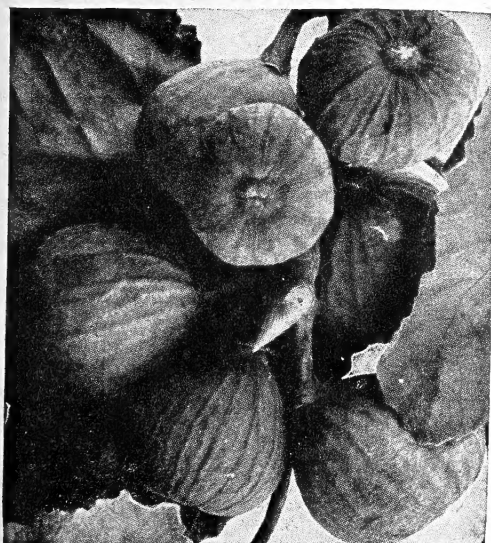

Price: 18-24 in. trees, \$1.85 each; 2 for \$3.50. 2-3 ft. trees, \$2.35 each.

Chinese Dates

Everbearing Fig

Our Dwarf Fig is particularly adapted to growing in the north, as it does well in either tubs or in the open ground. The root is perfectly hardy. Should tops freeze, it can be cut to the ground, and when it begins growing again it will produce fruit on the new wood. We recommend tub culture north of Philadelphia. Plants bear the first year they are set out, and abundantly each year thereafter. The fruit is of good size, sweet and delicious, with flesh that is firm and meaty. Is an excellent fruit for making preserves, jams, canning, drying or to eat fresh. **Fine, 2-3 ft. trees, 85c each; 2 for \$1.60.**

Everbearing Figs

BARGAIN NO. 54

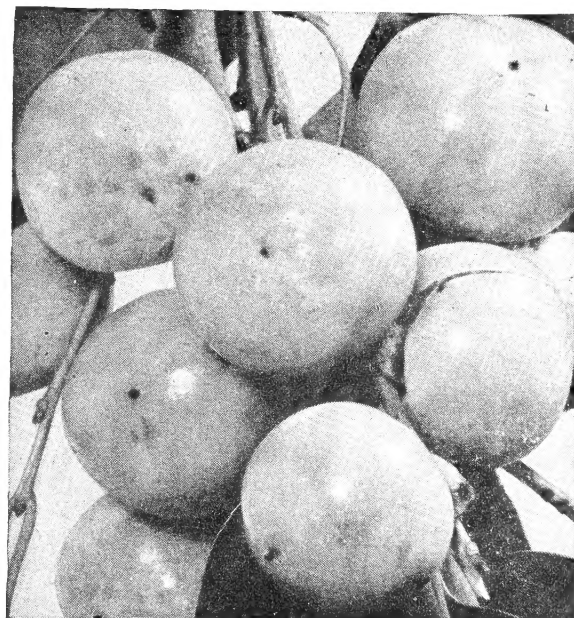

- 1 Hardy Chinese Date, 18-24 In.
- 1 Everbearing Fig

New
MONTMAMMOTH
Sour **CHERRY**

**THE NEW MONTMAMMOTH
SOUR CHERRY**

A 3-Year-old Tree Produced \$6.50 worth of Fruit—24 Quarts of High Quality Cherries.
(Note actual photograph)

A sport of the Montmorency. Bears the second year—no waiting for fruit. Cherries up to an inch in diameter. Heavy, and sure bearer—no crop failure in 28 years. Dwarf and spreading type—easy to pick. Long-lived—an orchard will be a life time investment.

See page 20 for description.

We offer one-year-old, 2-3 ft. trees, \$1.50 each; 3 for \$4.35; 10 for \$14.00.

RED HAVEN PEACH

A big sensation in Michigan. Sold for 5 times as much as other varieties on the Benton Harbor market. 30 days **EARLIER THAN ELBERTA**. Yellow freestone; almost completely covered with a brilliant red; sweet in flavor. An excellent, early-maturing peach. See page 16 for further description.

Price 7/16 in., 90c each; 10 for \$8.00; 100 for \$65.00. 9/16 in., \$1.00 each; 10 for \$9.00; 100 for \$75.00.

NEW ROBINSON STRAWBERRY

(Note actual photo)

Berries are extremely large, and honey-sweet. Color is decidedly a cardinal-red, and this berry may be offered under this name. Berries have a firm, tough skin, making it an excellent shipper to distant markets. Has been commercially grown for the past five years in Michigan; has produced a wonderful crop of fruit every year under most unfavorable conditions—farmers netted over \$1,000.00 an acre from this variety this summer.

See page 7 for further description. Price: 25 for \$1.10; 50 for \$1.85; 100 for \$3.25; 250 for \$6.50; 500 for \$10.00; 1,000 for \$17.00.
